Dear Marc,

Dear Marc,
Even though you were in a few of my classes last year, I never really got to know you until this year. Anyway, you're a super guy & I'm so glad we finally got together. Bio was pretty bad, but English wasn't that terrible, especially this semester. Well, have a great summer and SEE you sometime at a party or something.

Take care - love
Jane Burns

P.S. Happy Birthday Sweetie!

Marc,
I'm so glad you were my lab partner (even tho quarter 3rd had to dissect ## our pig - Wilbur - only kidding - that was really sweet of you for not making me touch that!) I'm really glad I got to know you - I mean you're not the kind of person who is stuck in himself. I had a great partner as well as you! Have a great summer and I hope to see you - Hope you're in some classes of mine next year. Love, Kim Wilkalis
I just found out it was your birthday today. Happy Birthday!

Marc,
It was great getting to know you this year. You're really a fun person to talk to. I'm glad you sing really good & you should try out for ensemble. You have a lot of talent. It's a lot of work but good too. You have an excellent summer. Stay sweet until next year—
Kat

Marc,
You are one person who always make me feel so good - it really do appreciate it. You are so u sometimes - it's totally cracks me up! seriously can't wait D til next year musical— Hope so! I'm sure you'll be better than "Student Director"? summer - after you over the block away!! I've a few

Thirteen is LUCKY *for some*

The 1976-77 academic year became the thirteenth year in the history of Maine South. During this time, the classes, school and people have gradually progressed to what they are today. *Eyrie* recognizes this superstitious milestone by showing that the past year, filled with pep, spirit and enthusiasm, was indeed lucky for all.

Dear Marc,
It's been nice having a friend in French for the past two years. You're definitely a pleasant exception to the rule, "All Sophomores are jerks." You are no sophomore! Our skits were the best. I expect to see you a few times at the Country Club. Maybe we can play some tennis or something. I'm glad to have been able to give you rides home. Anytime. I will be expecting periodic visits next year at NU. I'll see you soon + good luck in your final two years.

Kevin.

marc,
It's been real nice knowing you for the past two years. Our conversations were quite bizarre but also quite enjoyable. French was also an exception. Thanks to a certain Miss Barr, we managed to pass. Thanks for everything and I hope I see you this summer.

Love always,

Homecoming Carnival proves successful and fun

This year, Maine South's Homecoming weekend was a huge success. In addition to float building, several different clubs also built booths for Friday night's carnival. There was plenty of food available and a variety of activities, including a jailhouse. After the carnival, Pep Club held a Pep Rally and a flaming "M.S." was burned. Early Saturday morning, was the annual parade, followed by the big game. During halftime the freshman class float won first place. In addition, Sue Leonard was crowned Homecoming Queen of '76. The game ended with the Hawks on top of the Maine East Demons with a score of 14-7.

"Get Closer" is theme of dance

As always, one of the greatest highlights of the school year was Homecoming week. In addition to the carnival and the Pep Rally, a midweek assembly was held honoring the Queen court. The guest speaker this year, Johnny Morris, spoke on the significance of good sportsmanship during the high school years. "Get Closer" the annual dance, was held on the night of the game and proved to be quite successful. This year's queen, Sue Leonard was crowned and awarded the team football and kisses at the dance. Undoubtedly, the spirit and enthusiasm captured during this year's Homecoming activities will be remembered by all.

Antigone's plot involves tragedy

"Antigone," this year's arena play, proved to be a success among students and general audiences. The plot was centered around the Greek tragedy by Sophocles in which young Antigone, portrayed by Cathy Rogowski, was the heroine in the final outcome. Creon, played by Kevin Kielas, cautioned Antigone against burying her brother. However, Antigone was determined to carry out her moral principles and go through with the burial. The result was the arrest and persecution of the tragic figure, Antigone. Of course, the play itself could not have been as successful without the fine direction of Mr. Wagoner. Many students also put forth great talent, time, and effort in the making of a most successful arena play at Maine South.

Opus 13 has variety of acts

Opus 13, this year's V-Show, was an excellent performance with a wide assortment of skits put on by the students. Certainly, the show could not have been as successful without narrator Nan LeMonier, the valuable directors, and the crew. *Opus* 13 included many acts, such as Gordie's Bouncing Beauties, I Can Do That, and Driver's Ed. Musical Talents were displayed in And When I Die and Classical Guitar, in addition to exciting dancing acts like the Hesitations and Superstition. Also included were favorites like the Stage Band, Hawkettes, and the Choir Ensemble. In conclusion, *Opus* 13 was a tremendous success due to cooperation.

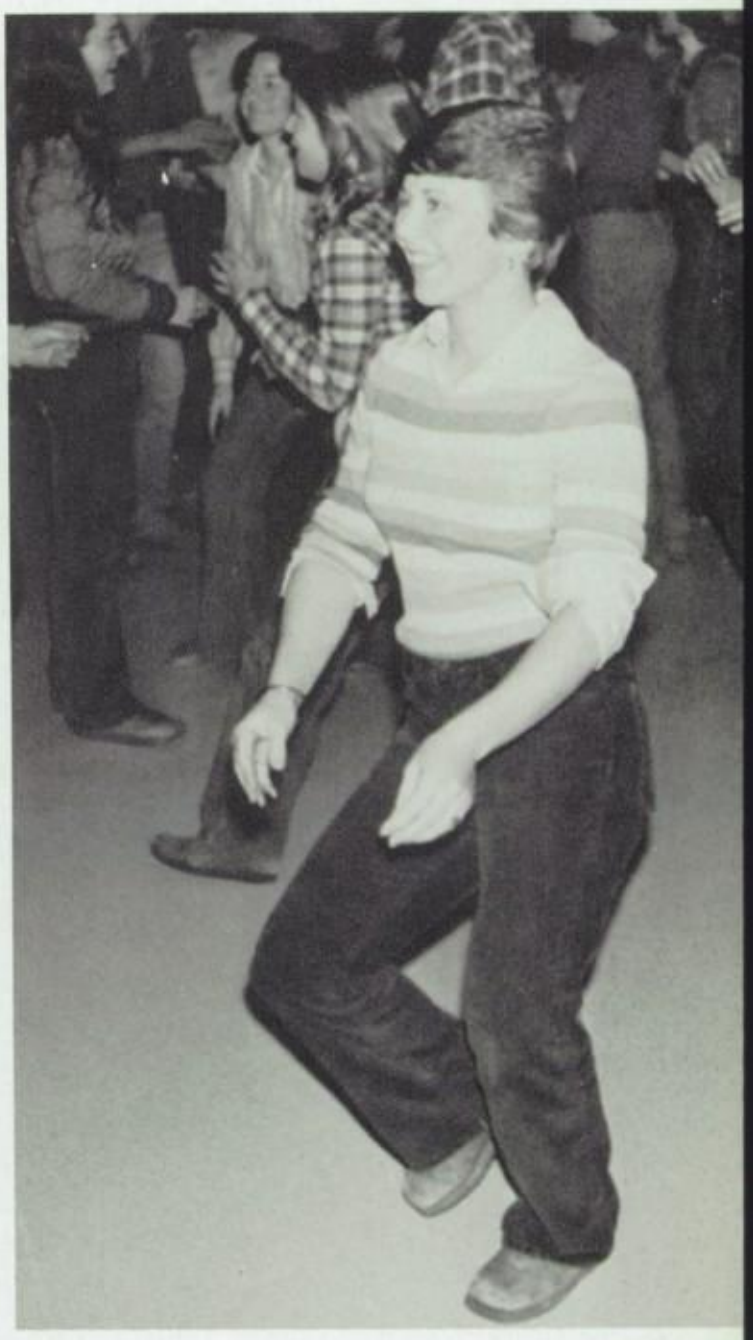
First annual Spirit Hop is well-attended by many

This year's Spirit and Sports Week was indeed a highlight of the school year. Throughout the week, students voted for their favorite candidates in the sports scene. The athletes were awarded titles such as "Wildest Wet-look," and "Knobbiest Knees," as a result of the voting. At the end of the week, the Spirit Queen Court was introduced at the winter sports assembly. Pep Club Council president Kathy Gibbons was announced Spirit Queen at the basketball game and the first annual Spirit Hop followed the game. The hop was well attended and greatly enjoyed by everyone.
Indeed Spirit and Sports Week added enthusiasm to the sports season.



Matchmaker lights the stage

This year's all school play, *The Matchmaker,* was a farce set in the 1880's. The story concerned a rich merchant and a marriage broker who was helping the merchant to find a bride. When he went to New York to seek a wife, he was constantly confronted by his niece and her boyfriend and his clerk and assistant who were in New York to have a good time and to enjoy themselves. Later, there was mass chaos resulting when everyone ran into each other. The plot became even more exciting when the audience discovered that the matchmaker was actually narrowing the merchant's choices because she wanted him for her own. But the play could only have been done with the help of the crew, directors, and cast.

Camelot centers upon Knights of the Round Table

As always the music department displayed fine talent in the superb performance of the annual musical. This year's production, *Camelot,* was centered around an English king (Kevin Kielas and Gary Sheehan), his wife Guenevere (Valerie DeBartolo and Gayle Corthinos) and their situation involving the round table and its brave knights. The tragedy is finally set when Queen Guenevere falls in love with Sir Lancelot (Mike Flannery and Mark Gibson). *Camelot* itself was full of very beautiful music, intriguing costumes, and fascinating scenery. Of course, much credit must also be awarded to the drama department for their time and talent during *Camelot.*

Hawks tackle opponents to tie conference title

The varsity Hawks continued their winning ways once more this season with an 8-1 record and tieing Glenbrook North for the conference championship. The Hawks traveled to Willowbrook, and looked very good against the overly large Willowbrook team, but could not put the score on the board, conceding their opening playoff game. During the conference season, fine performances were given by many senior players. Nine men were placed on the all conference team, and middle linebacker Paul Preston was elected to the all-state team. Coach Schmidt looked forward to a fine '77-'78 season.

Cross Country has 9-3 record

Endurance, skill, and of course dedication are three traits that are necessary for a cross country runner. Obviously, our Maine South Hawks had these qualities in their '76-'77 season, as they were able to finish with a conference record of 9-3 in the Central Suburban League. Outstanding athletes were Steve Senf, who, after qualifying for the state meet, was able to finish third. Tim McNamara was also named to the conference list. With the coming strength of the frosh-soph teams, next year's harriers should uphold this excellent record and prove to be very tough competition for all their conference opponents.

Varsity soccer kicks opponents

The varsity soccer team finished the season with an average record of 6 wins, 2 losses, and 8 ties. As eight returning lettermen held the team together, Mike Moorman and Jeff Getz were Most Valuable Players, as Jim Krumwiede was voted the Hawk's captain. Mike Moorman, Jeff Getz and Tom Gnaster made the All-Conference list for the 1976-77 season. Although the varsity team will be losing many talented seniors, coach John Tilley looked forward to the '77-'78 season with many underclass ready to move up to South's varsity soccer team next year.

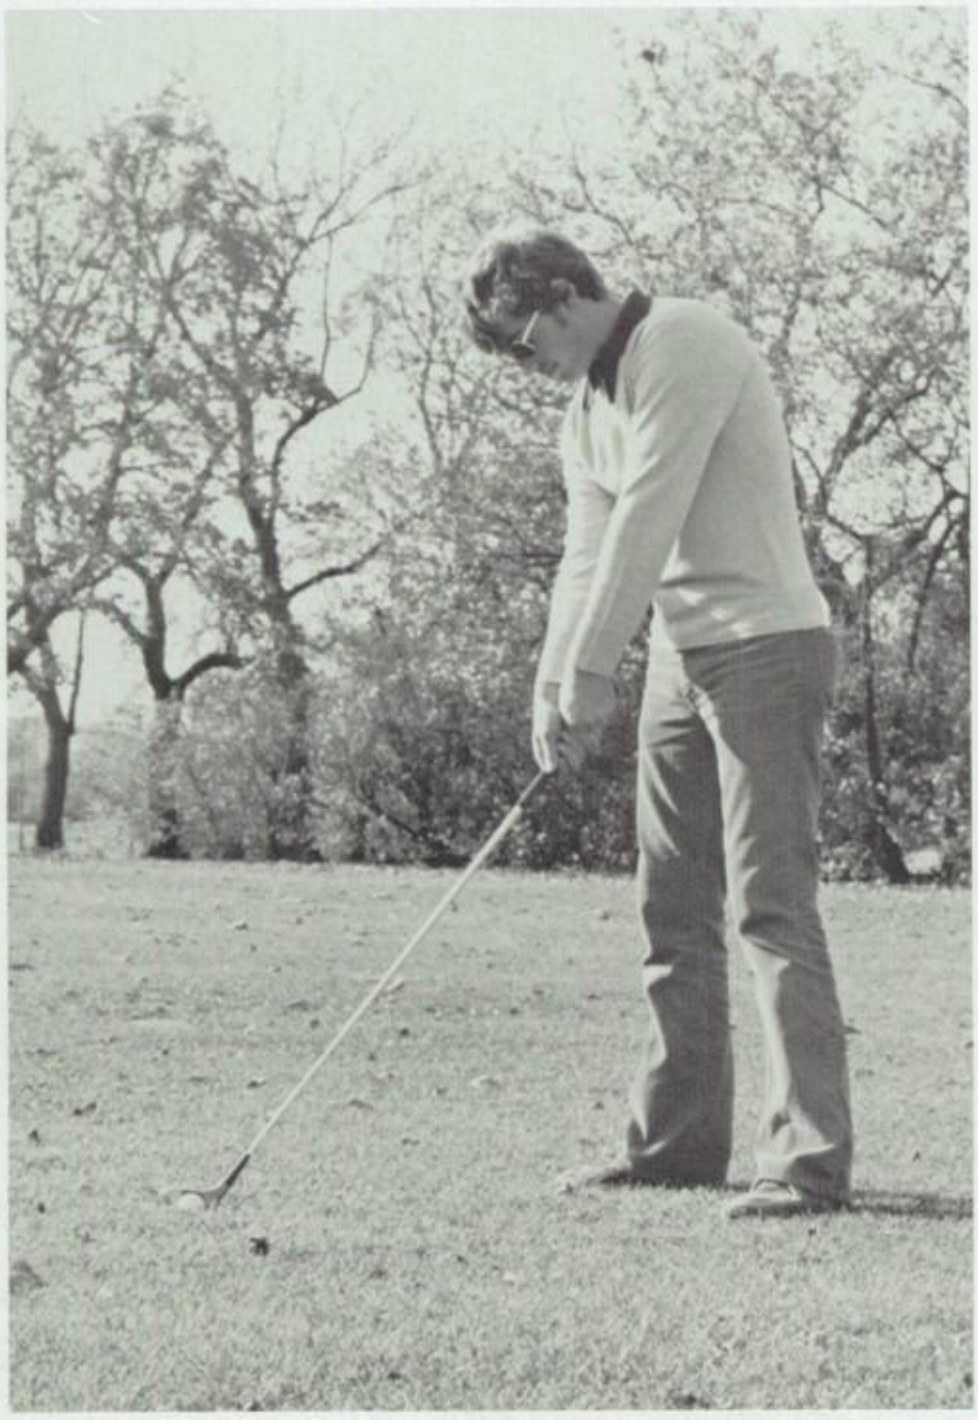
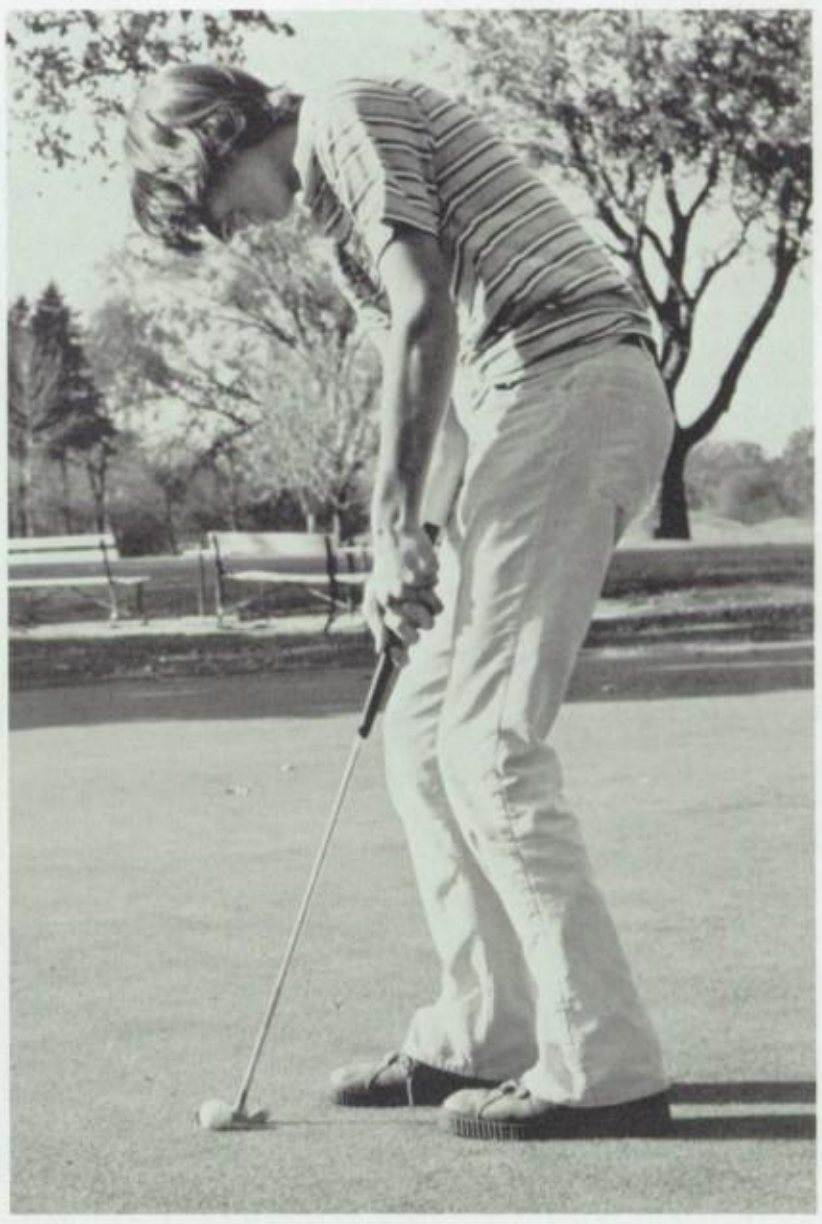
South golfers are up to par

The Maine South golf team had one of its finest, most successful seasons. Two new golf records were established for our school. The team shot a team total of 146 strokes at the Park Ridge Country Club and 148 strokes at Chevy Chase Country Club to break all the old records. The team also placed 3rd in the Lake Forest Invitational paced by medalist Mark Stiggleman's 1 under par 71. The varsity team missed 1st place in the conference by one shot. Jeff Theobald, along with juniors Mark Stiggleman and Larry Bobka, all finished in the top ten of the Central Suburban League Conference.





Hawks dribble past opponents

Another fine year was completed for the basketball Hawks. After taking a second place in conference to the Maine East Demons, the Hawks won their own Regional Tournament by defeating the Demons 91-76. The Hawks finished the season with a 25-6 record, losing out of conference four times. The Hawks, led by seniors Tom Barr, Pat Nugent and Suburban All-Star Russ Schmelzer, had a most memorable season. In their first sectional game they faced tough competition from Gordon Tech. Coach Quitman Sullins must rebuild another fine team because he will be losing five starters to graduation. One standout expecting to be an excellent player in the next two years was sophomore Jeff Baker.

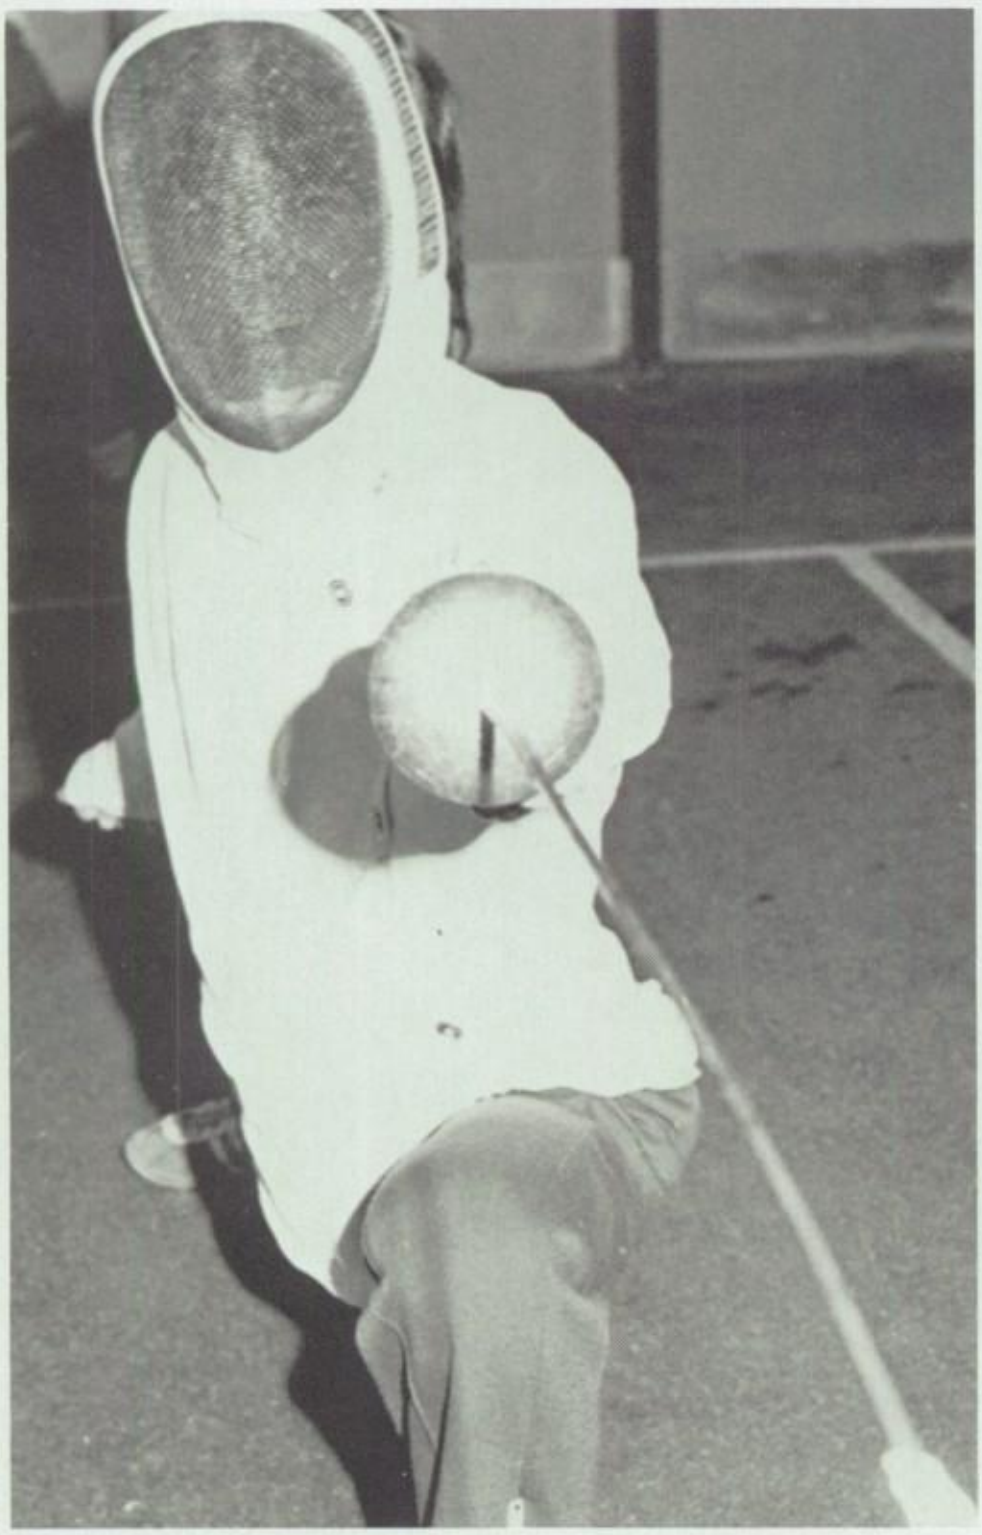
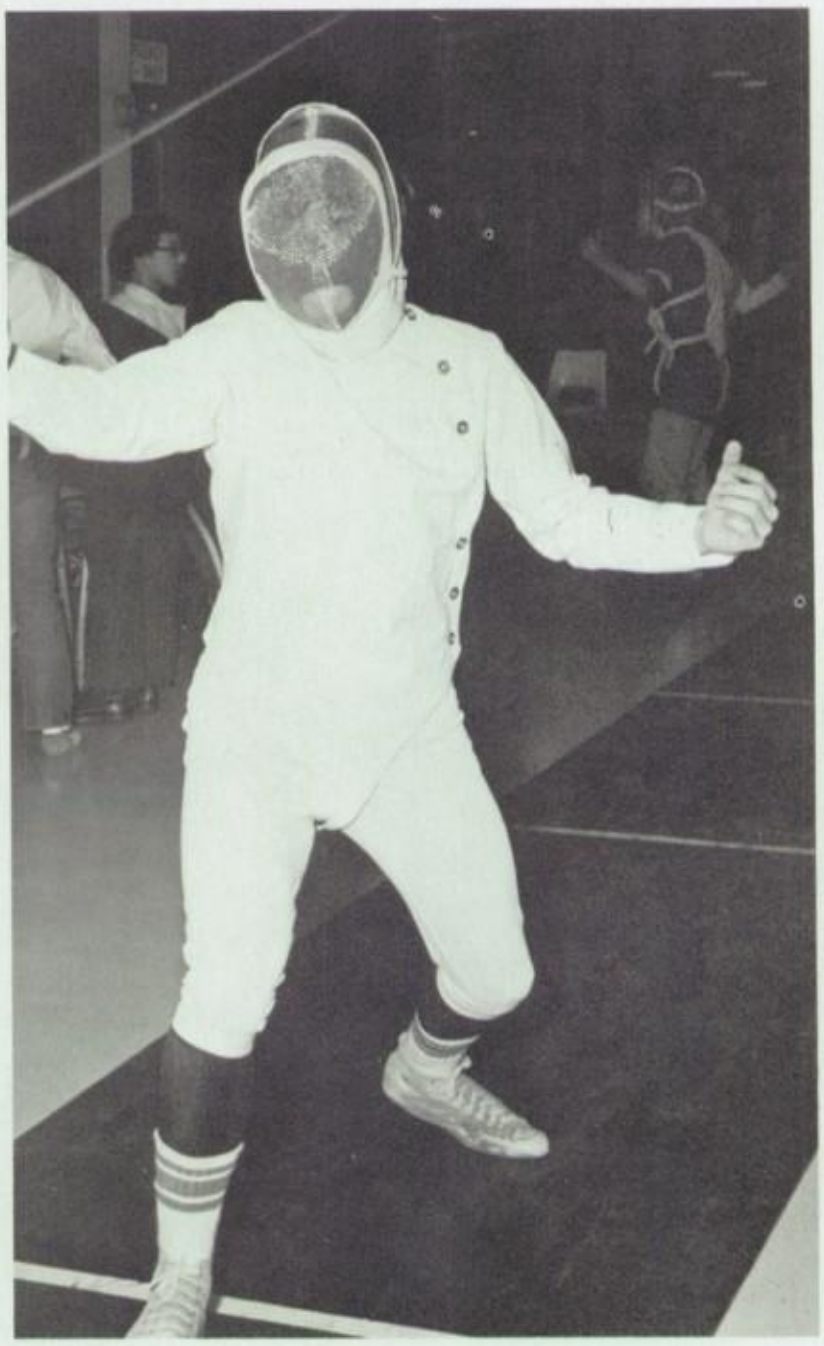
Our varsity fencers place second in state meet

Due to the sincere devotion of Mr. Doherty, the varsity fencing team coach, this year's foilers not only captured the conference title, but also took second place in the state championship. Mark Snow demonstrated his fencing abilities in the state competition by placing first in the state. This year, the varsity fencing team consisted of a great many sophomores who showed great promise for the future. The intense control demonstrated by the entire fencing team was indeed responsible in part for the success of the 1977 fencing season. In conclusion, the varsity foilers finished with a startling overall record of 10-1.





Gymnasts hurt by key injuries

The varsity team, lessened by key injuries to senior gymnasts, finished with only one win for conference totals. Although the beginning of the season was tough on the Hawks as a team, many boys did quite well in individual events. Eric Martin, a sophomore, had great potential and planned on following his brother's footsteps, Craig Martin, who was all-around champion in the '75-'76 season. John Race was very reliable for Coach Riccitelli and finished with places in the district and regional competition. Scott Kimbrel was one of the injured seniors, but Scott returned in time to qualify for the State gymnastics meet.

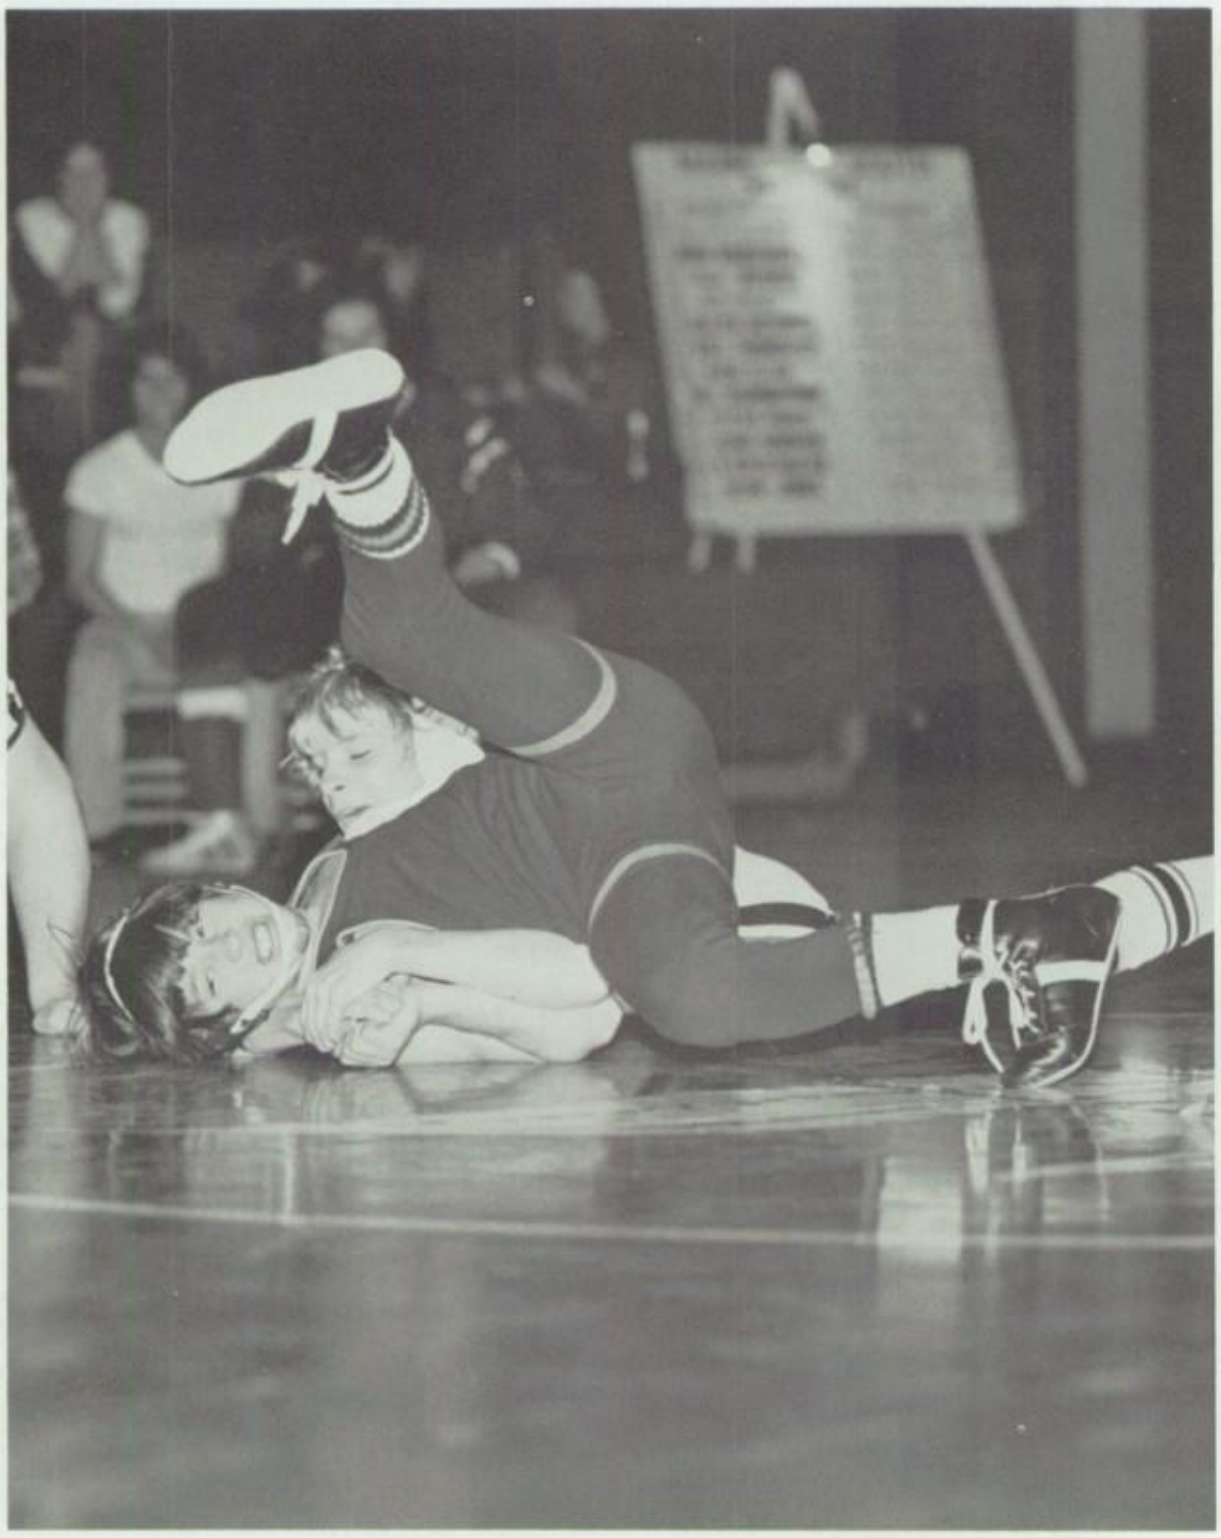
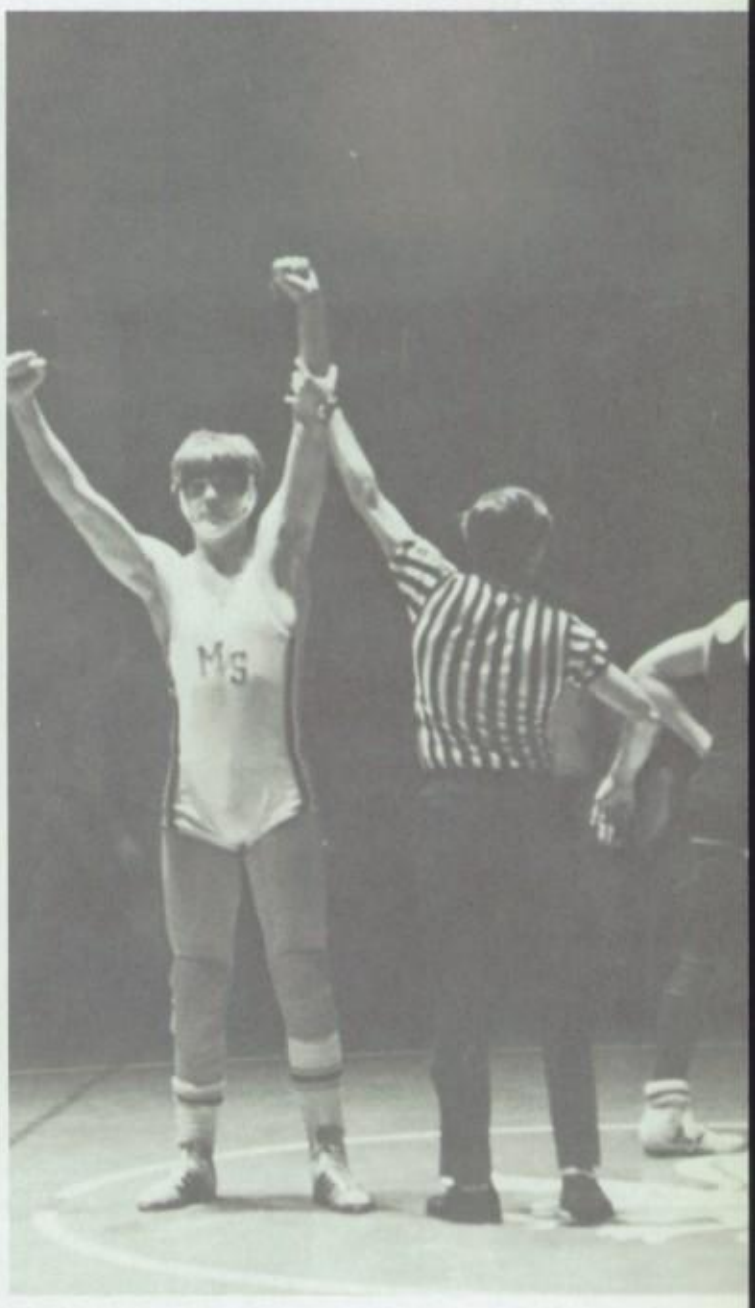
South's varsity wrestling team pins district

Coach Tom Ziemek had to be a very surprised coach at the end of the '76-'77 varsity wrestling season. His team, after finishing with an average 7-8 season, went on to win the district tournament and place three wrestlers in sectional competition after the regional tournament. Steve Mikos, a very strong prospect for a state title in the upcoming seasons, won his first six matches of the tournament and lost a close match in sectional competition. The team as a whole was very strong, with a few senior grapplers graduating. Many fine juniors and sophomores showed great promise in producing an excellent team for next year.





Swim team stays afloat throughout their season

Dedication, long, hard hours of practice and skill were needed to develop Maine South's varsity swim team. This year's swimmers indeed were able to experience something new, as they obtained a new coach, Miss Dawn Butler, the very talented coach of our successful girls swim team. However, many tough competitors only allowed our Hawks a 3-12-1 record overall. This record, however, did not show the true strength of many of South's outstanding individual performers. Wayne Madsen was able to qualify for the state meet and place second there also. All in all, with the addition of a new coach and several strong athletes, Maine South's swim team successfully completed another season.

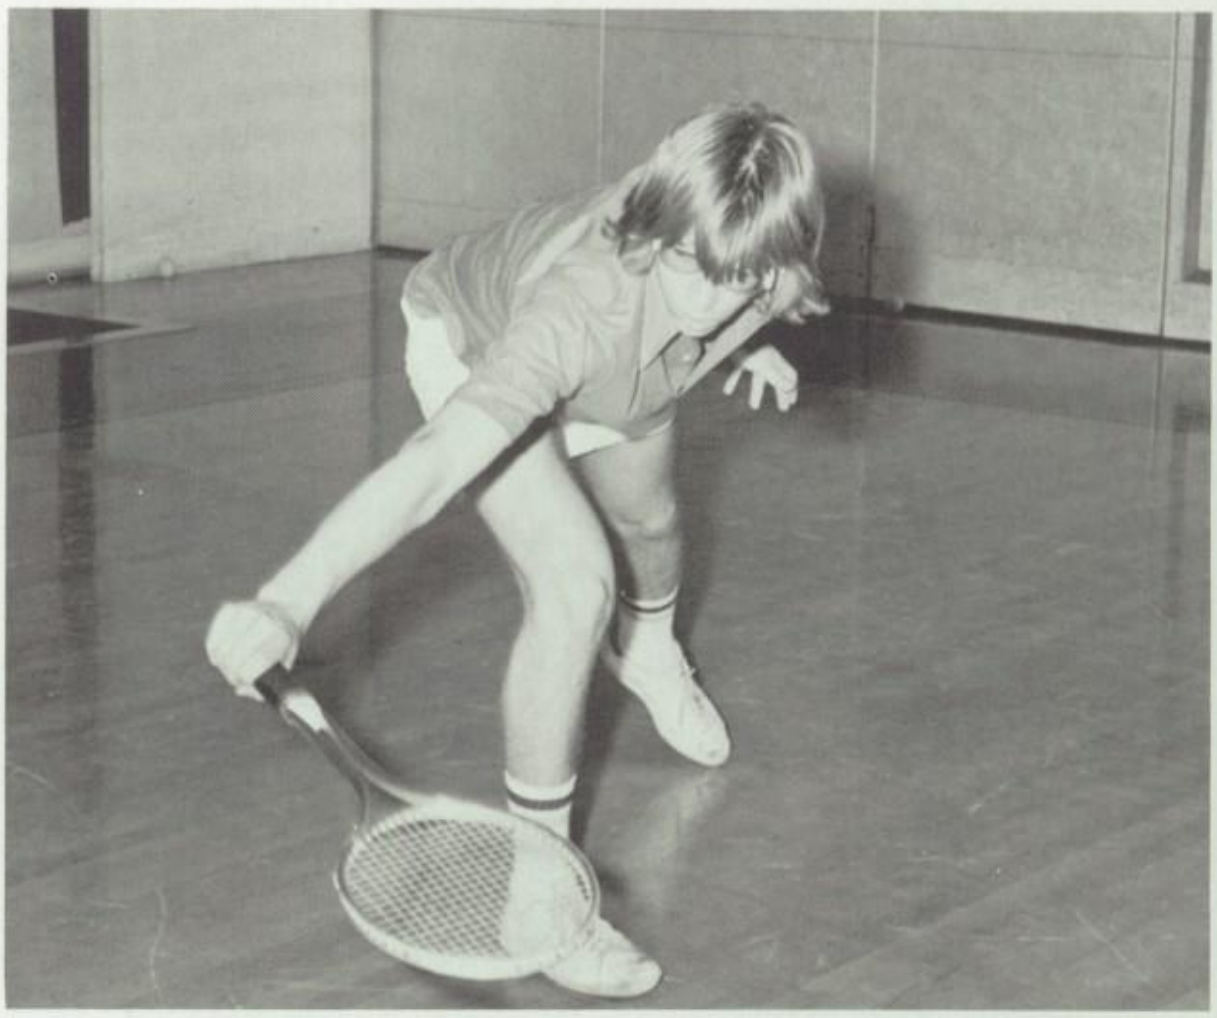
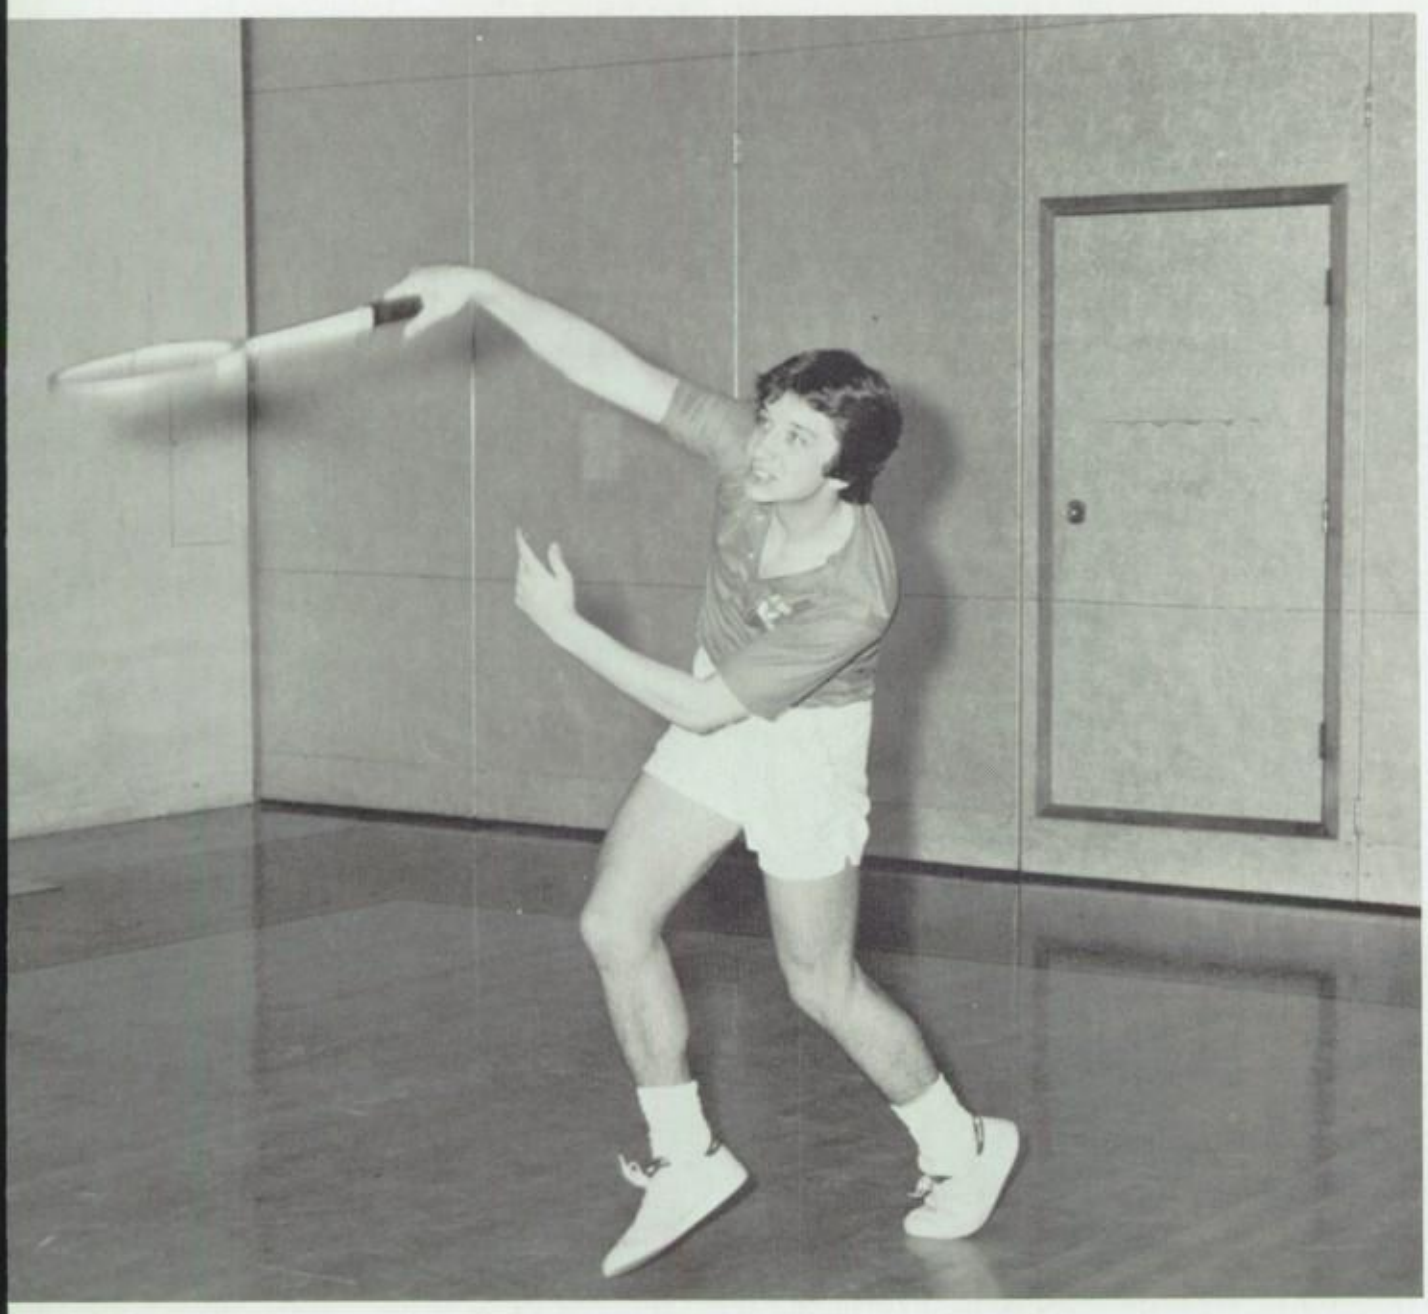
Track team out runs opponents

This year Maine South's varsity track team truly ran a successful season. Perhaps one reason for this strength was the team's overall balance. South's distance runners and sprinters were among the top in the state and many placed in important individual meets. Fine performances were done by all, but some of our outstanding athletes were Tom Kroeschell on hurdles, Chip Tosh on high jump, and Jim and Tim McNamara. Obviously, with these fine athletes, the varsity team was victorious in the very majority of their meets and did very well in the conference meet. Truly, South's varsity team proved themselves competitive.

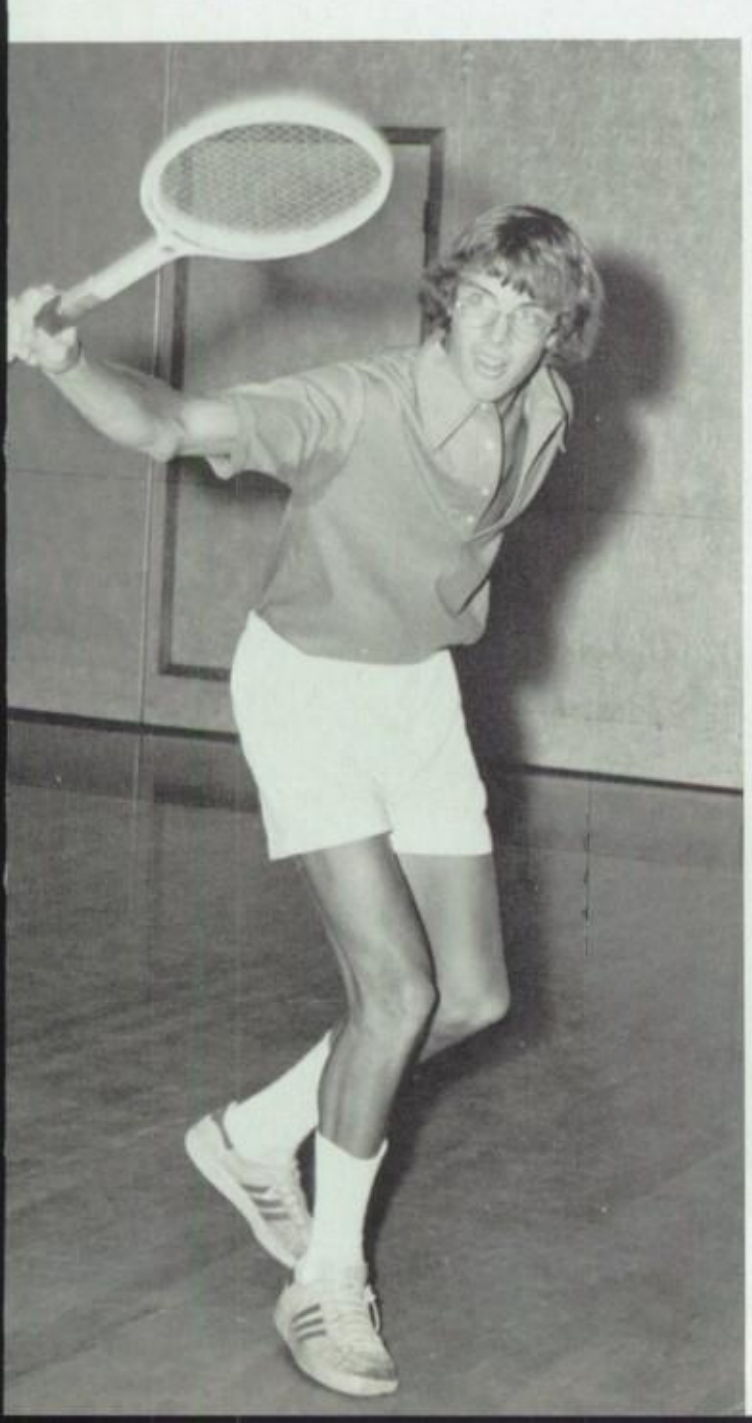
Varsity tennis aces opponents

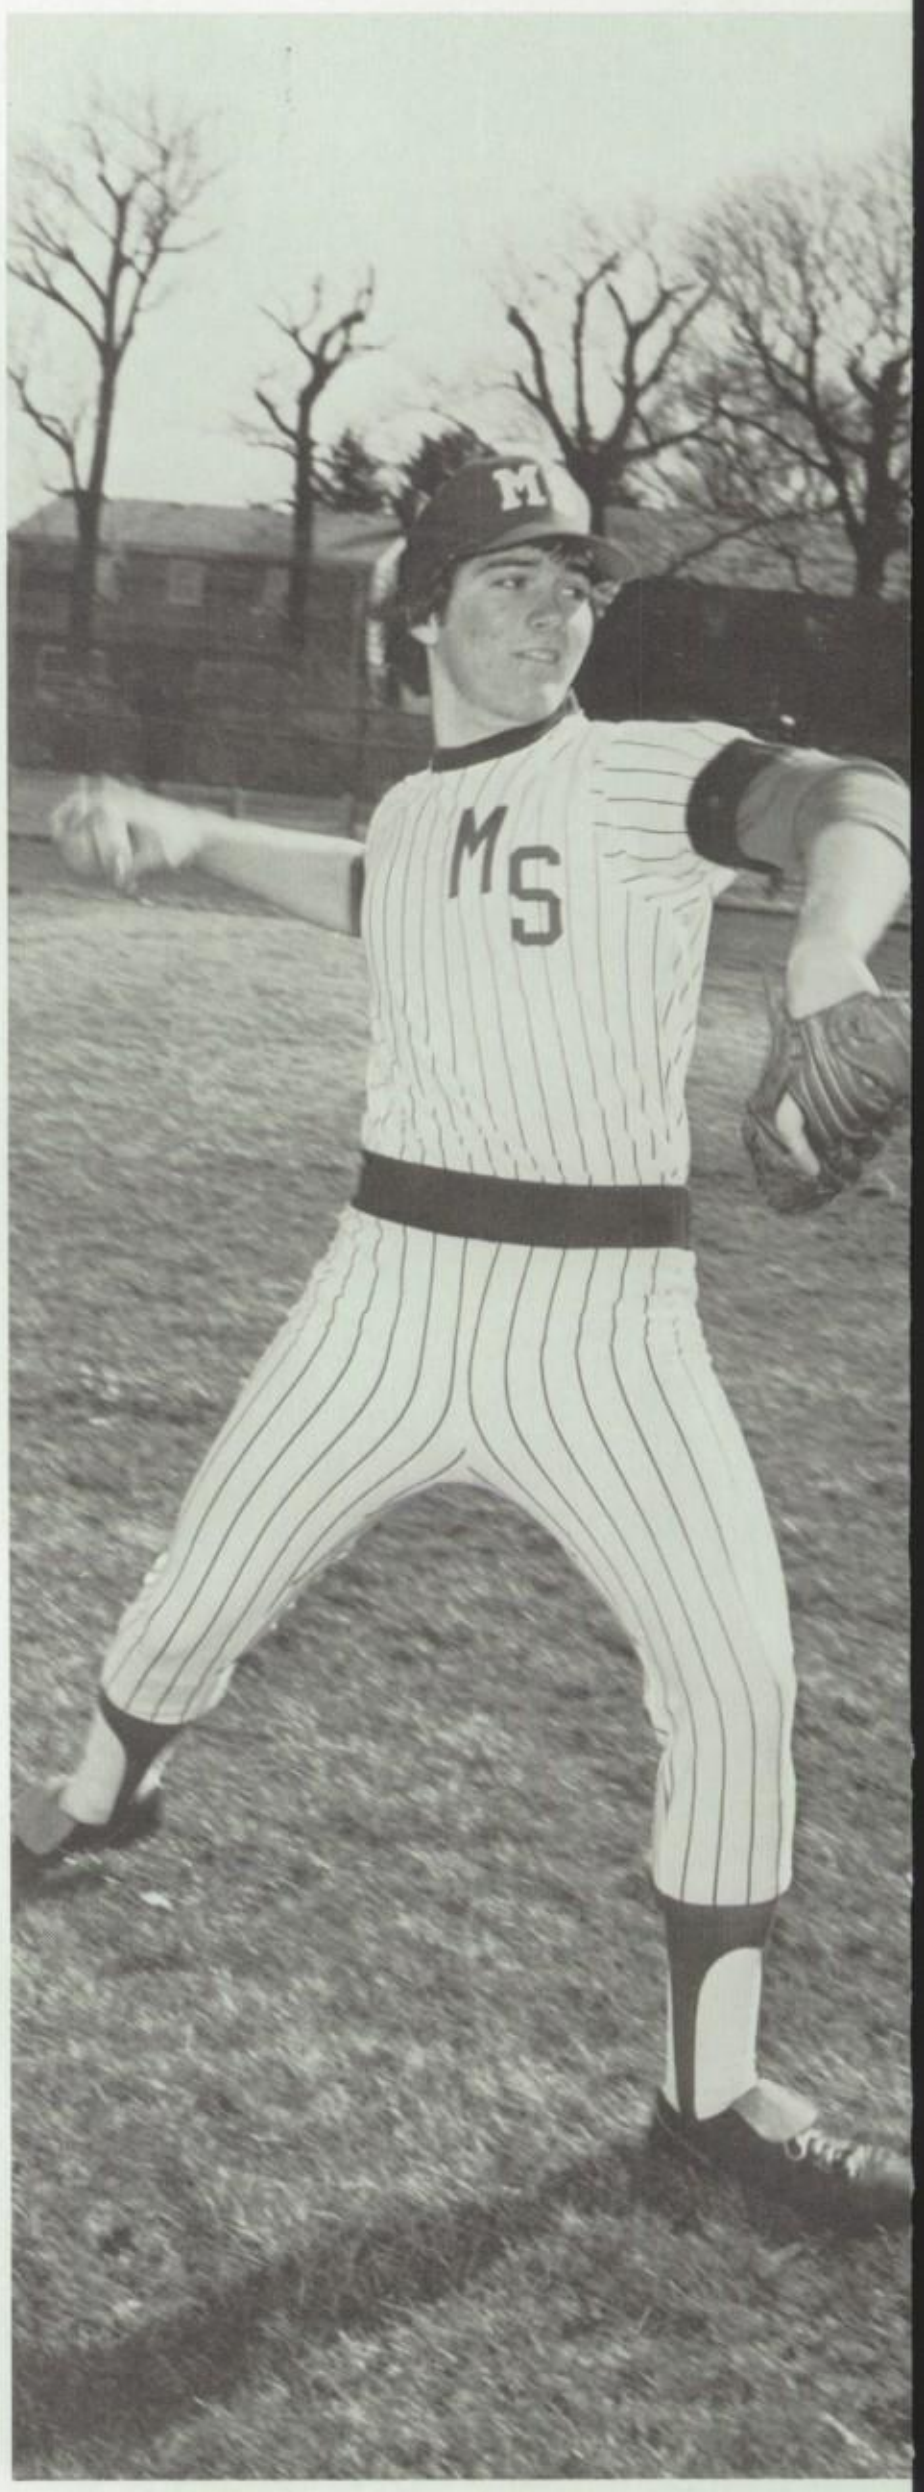
After concluding a fine '75-'76 tennis season, the Maine South varsity tennis squad looked forward to another winning record in '77. With returning lettermen Ray Emmerick and Mike Nelson, coaches Kent and Lange felt confident in reaching a successful year. For the state meet, the Hawks hoped to have junior Bill Muno qualify, along with other fine athletes. In the '76 season, the varsity was able to have many strong competitive meets even though their record displayed only 7 wins out of 16 meets. Obviously with the returning lettermen, talented coaches, and all important teamwork and dedication, the '77 record for the Hawks should be promising.





BELOW: *Sophomore Tom Wilkas played some varsity as a freshman.* ***BELOW CENTER:*** *Mike Nelson, junior, played first doubles in 1976.* ***BELOW LEFT:*** *Bob Heidkamp, Scott Gallus, Sherry Glasscock, Coach Kent, Tom Condon, and George Charuk discussed the forehand grip.* ***FAR LEFT:*** *Senior Mark Dzulinski was a returning letterman who played third singles in 1976.* ***LEFT:*** *John Thomas, senior, was also a returning letterman and played second doubles.*





Our baseball team slams another winning season

Certainly, our 1976 baseball team had a winning season. With many outstanding players, such as MVP pitcher Gaydon Brandt, captain Tim Snow and all conference player Dan Linden, the Hawks easily won the district, regional, and 2nd place conference titles. The team also finished with a record of 16-9, winning 9 of their last 10 games. Many fine junior athletes, such as Steve Malin, enabled the Hawks to become a finalist in the 1976 sectionl tournament. With all these talented players, Coach Verber was obviously pleased and looked forward to another winning year in 1977.

Underclass football teams tackle their opponents

The three underclass football teams showed great promise for the coming varsity years. A fine junior varsity team, led by junior John Van Selow, won their conference, finishing with five wins and no losses. The sophs showed tremendous improvement and won the recognition from all of their conference opponents. The sophomores finished with a 6-1 conference record, which was good enough to place them second in conference behind crosstown rival Maine East, who incidentally gave the Hawks their only loss. South's success was due mainly to the fine coaching staff which generated enough emotion for the entire team. The Frosh A and B teams finished the season with a 7-8 record. Though not having a winning year, they showed potential.

Soccer teams get on the ball

Both underclass soccer teams at Maine South upheld very fine records. The sophomores completed their season with a 6-2-6 record. Out of many outstanding athletes, Bill Shinn was choosen as the Most Valuable Player while Tom Winkowski, Ron Muck, and John Lincmaier were made tri-captains. For the freshmen level, Mark Dudko was voted captain as Dave Hepburn received the M.V.P. honors. Many fine athletes led this team to a 5-2-1 record, that was recognized by all their opponents. With these performances, South's future varsity teams should prove extremely talented. Obviously, much dedication and hard work went into training these young athletes for competitive soccer at South.

Underclass cross country endures tough meets

The two underclass cross country teams were two of the many frosh-soph teams that showed great potential for the upcoming varsity seasons. The sophomore team, with Most Valuable Player Dave Mau, finished 6-3 in their conference. Although they had a fine winning record, the sophomores had tough competition and did not place in the conference top two. The frosh team showed great promise for the next few years. In their first '76-'77 season the Hawks lost four of their seven losses by five or less points. Their conference record of 4-7 does not really show the quality of the harriers. Coach John Kilcullen had a great number of boys that should prove to be valuable in upcoming varsity seasons. All in all, the underclass harriers endured many competitive meets.

Freshmen basketball teams take conference title

All of the underclass basketball teams completed their 1976-77 season with outstanding records. On South's freshmen level, the A and B teams both won their conferences, having winning records. At sophomore level, there was a bit of a letdown, as this team did not win conference as they did in their freshmen year. Key injuries hurt the Hawks early, and two players, Jeff Baker and Dan Fiddler, were both on the varsity. The J.V. Hawks only had two losses during the season, winning conference with a 17-2 record. The J.V. Hawks showed great promise for the '77-'78 varsity basketball team. Standouts David Areen and Andy Spicer are up and coming athletes for the Hawks.

Frosh-soph foil an 11-0 season

As in previous years, the success of last year's underclassmen fencing-team seemed to continue on. The 1977 freshmen and sophomore foilers practiced long hours together as they strived to improve themselves. All proved worthwhile, however, as they competed in the Maine South Invitational and proved themselves very competitive. Maine South's fencing team completed their most successful and victorious season with an overall record of 11-0. Mr. Doherty, the fencing coach, has already looked ahead to next year, as these underclassmen continue to excel. All in all, due to the teamwork of the boys, 1977 proved successful.

Lack of turnout plagues underclass gymnastics

A frosh-soph gymnastics team did not enter in conference competition. The main reason for the lack of team participation was the fact that the five sophomore gymnasts were able to compete on the varsity squad. Standout sophomores, Eric Martin and Kase Kiley, were able to place in Districts and continue on to compete in the Regional tournament. These two fine athletes show great promise for the upcoming varsity seasons. On the freshmen level, lack of turnout was the main problem. Chris Donovan, one freshman with a little maturity, shows great potential.

Wrestlers pin a fine season

All of the underclass wrestlers showed great promise for varsity competition in the next few years. All of the underclass teams finished with winning records. Also, the J.V. team was favored going into the conference meet. The J.V. team finished the season with an 11-3 record with fine performances from Mark Saloman and Dan Todd. On the sophomore level, Tom Varriage and Mike Coletto turned in fine matches throughout the season. The sophomore and J.V. teams showed great potential as the future varsity. The frosh level team finished with a 9-5 record.

Our underclass swimmers dive into their victories

Under the direction of Coach Johnson, Maine South's underclass swimmers completed a truly fine season. Many strong individual swimmers were developed through long, hard hours of practice. South's freshmen team, showing much strength, finished their season 4-6 while South's sophomores also did well with a record of 2-1. This year's Junior Varsity swimmers finished with a record of 3-6, however, this record could not show the true talent of the many individual swimmers. All in all, with the success of these underclass teams, South's varsity swim team will be receiving some good talent.

Freshmen track team dashes to conference title

The 1976-77 track season was extremely successful for our underclass runners. At all of the meets, opponents found our Hawks very competitive, due to many fine athletes, with standouts such as Steve Serantoni and Gary Schwan. Also, this year's team was boosted by the many talented athletes on the freshman level. With the help of standouts Chris Pelzl and John Baldoni, our Hawks were able to take first place in the conference meet. However, without the performances of all, this fine record could not have been achieved this season.

Players smash their opponents

The underclass tennis team, with fine standouts, such as Bob Bean and Scott Chamness, produced many outstanding athletes and won many of their meets in the '76 season. Coach Lange agreed that with strong players coming up from this frosh-soph team, South's varsity teams in the future should be extremely tough. Also, some sophomores, such as Tom Wilkas, were able to compete on the varsity squad. In the '76 frosh invitational, the two doubles teams won the first place title. Obviously, Maine South was proud of our successful frosh-soph team.

'76 frosh catch conference title

Once again, the fine underclass coaching staff, along with the dedication of the players, has produced another winning baseball team for the frosh-soph level. Coach Kerr was extremely pleased with many of his sophomores and agreed that many of these athletes had great potential as varsity team members. Our freshmen A team, which had a big turnout, was able to complete its 1976 season losing only 3 conference games and, as a result, easily won the conference title. This winning record was due to the fact that the team finished with a batting average of 346. Also, many of the freshmen competed on varsity during the summer leagues. South was certainly proud of these athletes.

Underclass golfers land opponents in the rough

Throughout the entire golf season, the underclass golfers truly demonstrated their abilities. Sophomore Dominic Curcio was named Most Valuable Player, as Bob Bean presided as captain. Other valuable players were freshmen Dave Kuechenberg, Jim Naatz, and Steve Heinol. Valuable sophomores included John Crowl and Tim Ellsworth. Under the supervision of Coach Ross, the golfers represented Maine South during many competitive meets. As a result of the sincerity and devotion, as well as teamwork, the underclass golf team ended their season with a 9-5 overall record. By the way of preparing for important meets, the golfers also strived to meet specific personal goals to improve themselves.

GIRLS SPORTS

GRA offers a variety of activities for all girls

South's Girls' Recreation Association had another successful year which included the addition of new activities. Among the usual intramurals such as volleyball, basketball, badminton and softball were unusual sports like skin and scuba, golf, cross country, and conditioning which had increasingly grown in popularity this year. The annual tennis and gymnastics meets were well attended, and a new intramural swim meet drew quite a bit of attention. Continuing a theme of trial and succeed, G.R.A. sponsored the first co-ed sportnight in February. It's obvious the G.R.A. Board kept busy by keeping many girls involved.

Volleyball, basketball remain popular intramurals

Basketball and volleyball intramurals proved to be successful and rewarding activities sponsored by G.R.A. Not only did the girls get enjoyment out of the many sports offered, but they also received awards ranging from goldfish to golden shuttlecocks. Of course, meeting new people and learning and improving skills were among the advantages of the girls' intramural program. In basketball and volleyball, competition was divided into three categories of class, all-star and intramural. This year, the freshmen class team was victorious and the all-star team beat the faculty after a close volleyball match.

Girls' tennis boasts of a very consistent season

Both the varsity and JV teams had a stable and consistent year with an overall record of 5-5 for varsity and 8-2 for JV. Although the girls fought some tough teams, they gained strength to overpower their weaker opponents. All varsity players, both singles and doubles, had either a 3-4 or 4-3 record. On the other hand, JV was undefeated in South Division Conference Competition. Their strength was divided between each player, for every JV player finished with at least a 6-0 record. Under the coaching of Miss Albrecht and Mr. Lange, the girls' tennis team held together with an inner strength.

Swim team is second in state

Under the fine direction of Coach Butler, Maine South's girls swim team again upheld its high standard of excellence. After much practice and dedication, the girls went off to win all but one of their swim meets and receive recognition from all their opponents. In addition, South's girl swimmers were able to take second place in the I.H.S.A. state meet very closely behind the first place team. Strongly individual performances were made by senior captain Kim Lindstrom, Virginia DeYoung and Patty Pence, while the team took first place in both the district and conference meet. South truly had a winning swim team.

Girls volley to super-sectionals

Maine South has another winning girls' team in volleyball. Advancing to the super-sectional match with a 12-1 record were seniors Sue Leonard, Peggy Lukens, Amy Pontow and Mey Seng. Although each tournament team player gave a fine performance, the individual skills of the four seniors will be greatly missed next year. Because both the varsity and JV teams were primarily young this year, the excitement and valuable experience of being involved with a high ranking winning team will surely stay with each girl through next year's season. With this spirit and the guidance of Ms. Voelz, Hawk's goals will be met.

Gymnastics team has qualifiers for the state

Many long hours of practicing were necessary in order to develop the skill of the precision routines performed by the girls on Maine South's girls' gymnastics team. Under the direction of coach Miss Goll, South's girls were able to prove themselves very competitive to many opponents. With the help of many talented individuals, Maine South placed sixteenth in the state out of 61 qualifying schools. Five girls on the team qualified to compete in the state meet, while Janet Krueger was able to place eighth in the state in vaulting. All in all, the girls' gymnastics team performed well.

Girls' badminton places first in conference meet

The 1976-1977 badminton season was very successful for our girl's team. Due to many strong returning players, the girls were able to finish with a 7-0 dual meet record in the C.S.L. As a result of much practice, the team won all their meets decisively and proved very competitive to the other teams. Also, this year's J.V. squad was able to finish strongly like the varsity with a first place in their division. With many undefeated players at the conference level, our Hawks also took first place in the district meet. Obviously, with the outstanding performances of many, Coach Albrecht was very pleased.

Basketball team has strong year

The girls' basketball team had a very strong season again this year with JV finishing first and varsity taking second in conference. The strong performances of Sue Leonard, Meg Seng and Liz Boesen will be missed next year, but the outstanding talents of juniors Kathy Pabst, Mary Lee and Terry Lusigna will surely pull next year's team through. A premature finish to this year's season was the first regional game against Ressurection. Although South was ranked number one in the region, the team was setback due to a short season. Because of the up and coming competition in girls' basketball, South was unable to make a showing in the first IHSA state meet but will continue to keep a positive mental attitude.

Girls' track team remains strong in all events

This year's girls' track team did very well, thanks to the experienced talent of the upperclassmen and the fresh eagerness of the freshmen and sophomore girls. Everyone gave a commendable effort that pushed the team on past their expected, realistic goals of the season. The girls met up with some stiff competition this year and by keeping their expectations high, they were able to put forth an added effort and succeeded in upsetting a number of highly ranked teams. Events such as the shot put, long jump, and the equally as strenuous long runs and sprints kept our Hawks interested in their own individual areas while working as a team. Girls' track will remain strong due to fine talent.

Girl's softball catches talent

After completing a 1976 season with some outstanding new talent, our Maine South girl's softball team was prepared for a winning 1977 season. Returning this year were talented seniors Lori Duncan and Meg Seng, along with the support of fine junior Kathy Pabst. Without the dedication and hard work of all the girls and the fine coaching of Miss Voelz, outstanding records for the '76 and '77 seasons could not have been accomplished. Maine South's softball team also looked forward to competing in the state championships with high expectations. South was extremely proud of this team.

P.E. leaders prove valuable

Being a Junior or Senior Leader in South's Physical Education classes had many beneficial advantages for the chosen girls. Through a variety of activities, juniors learned basic skills during one period and assisted with a P.E. class another time the same day. As a Senior Leader, each girl worked closely with the teacher and members of the class. Along with the valuable experiences collected as a P.E. Leader was the development of responsibility within each girl. Demonstrating skills, giving helpful suggestions, running the class, and getting help in an emergency were among the tasks that built self confidence and responsibility into each one of Miss Pierce's Junior and Senior Leaders.

Counselors and librarians provide much assistance

For the past thirteen years, students have appreciated the help of the Guidance Department. Counselors helped with problems and provided advice in planning a four year program at South and also future goals. Furthermore, the Career Resource Center provided information on job openings, college curriculums, and career decisions and scholarships.

Many imporvements in the library have been made since South opened. Two, which took some adjustment on the student's part, were implemented just this year: the new security system and library cards. The security system was successful in saving South much money in stolen and lost books. Also, the librarians devoted much of their time to giving presentations and orientations to various classes.

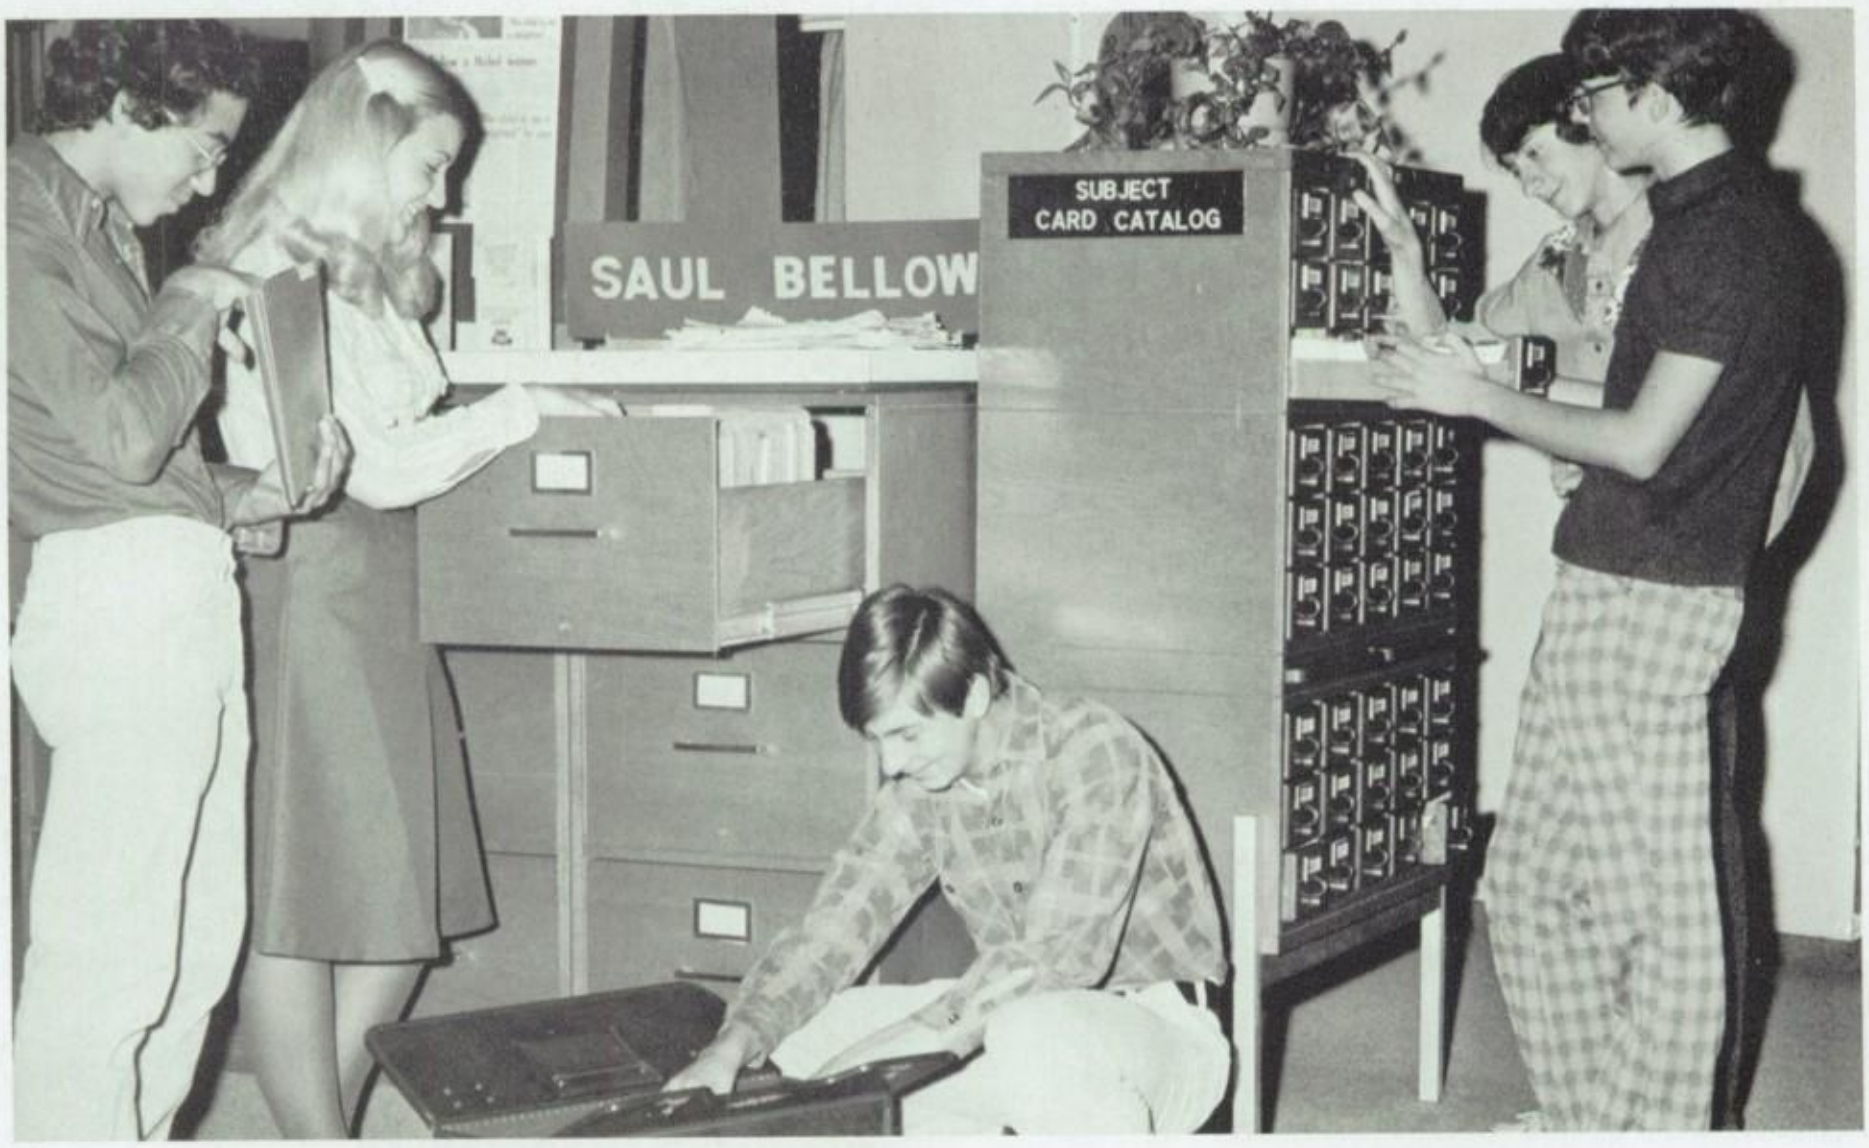
English and Drama Departments stress variety

The English Department of Maine South, which has experienced much growth in current years, has once again provided students with a variety of courses. Freshmen students were placed in one of three levels of English I according to their ability. The elective system, which allowed students to choose two semester courses, proved successful for sophomores and upperlcassmen. In addition, the accelerated program gave students an interesting challenge. Filmstrips, field trips and classroom projects enhanced the quality of education offered by the English Department.

Equally, the Speech and Drama Department offered a variety of intriguing classes to students. In the past thirteen years, this department has undergone an increase in the enrollment in Drama courses. New radio equipment, too, provided students with the best education. In short, this department strove to meet the students' needs in Speech and Drama.



Students gain language skills

Without a doubt, the Language Department of Maine South offered a wide selection of foreign languages to students. Courses in French, Italian, Spanish, German and Latin were taught. Moreover, all classes enjoyed activities such as films, field trips related to a particular language, in-class skits employing foreign dialogue, and individual assignments. Also, the Language Lab supplemented actual classwork for first year language students, and, in doing so, helped students with pronunciation. Thus, the Language Department sought not only to teach various languages but also to familiarize students with the cultures of nations throughout the world.

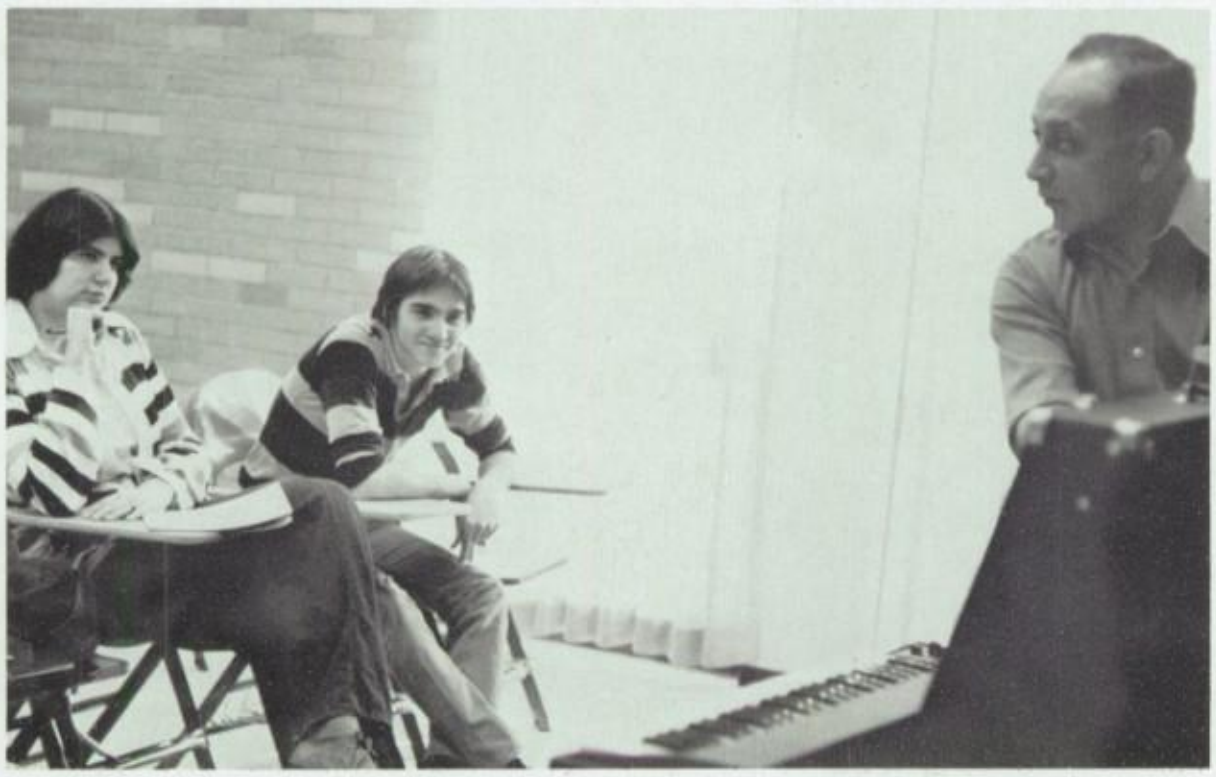
Many music and art courses become full credits



Maine South again contributed to the fine art of music. With its different courses and levels, everyone was able to choose from many offerings. A new synthesizer aided in the teachings of electronic music to those enrolled in music theory. Also this year, many music classes, such as Guitar, became full credits, which was welcomed by all involved.

Similiarly, the Art Department had a variety of classes, from photography to sketching. Because the photography courses were popular, a new Photo 3 course was added to the curriculum. Obviously the Maine South Art and Music courses were a helpful start for many choosing a career in the fine arts.

Home Ec. adds to curriculum

The Home Economics Department has undergone considerable expansion in thirteen years. In 1964 six Home Ec. classes were offered in comparison with today's nineteen. These added courses have strongly contributed to the increasing popularity of the department. This year Clothing IV was added to the curriculum, enabling talented students to plan their own programs based upon their experiences from other clothing classes. Also this year, CLID spent time evaluating actual homes for interior designing. The Food Occupations Club planned many banquets and brunches, using experience gained in this department. Whether it be clothing, foods, or psychology, the Home Ec. Department provided much background.

Boys' P.E. has new electives

The Boy's Physical Education Department was probably one of the most popular departments with boys. The P.E. department strove for the addition of courses in order that a high interest in physical education be kept. Juniors and seniors enjoyed new classes in golf, scuba diving and street hockey. Although the freshmen were not able to choose elective courses, they experienced some new units this year including street hockey. With the addition of classes, this department focused both on attaining physical fitness and sustaining interests in P.E. by offering interesting and worthwhile classes.

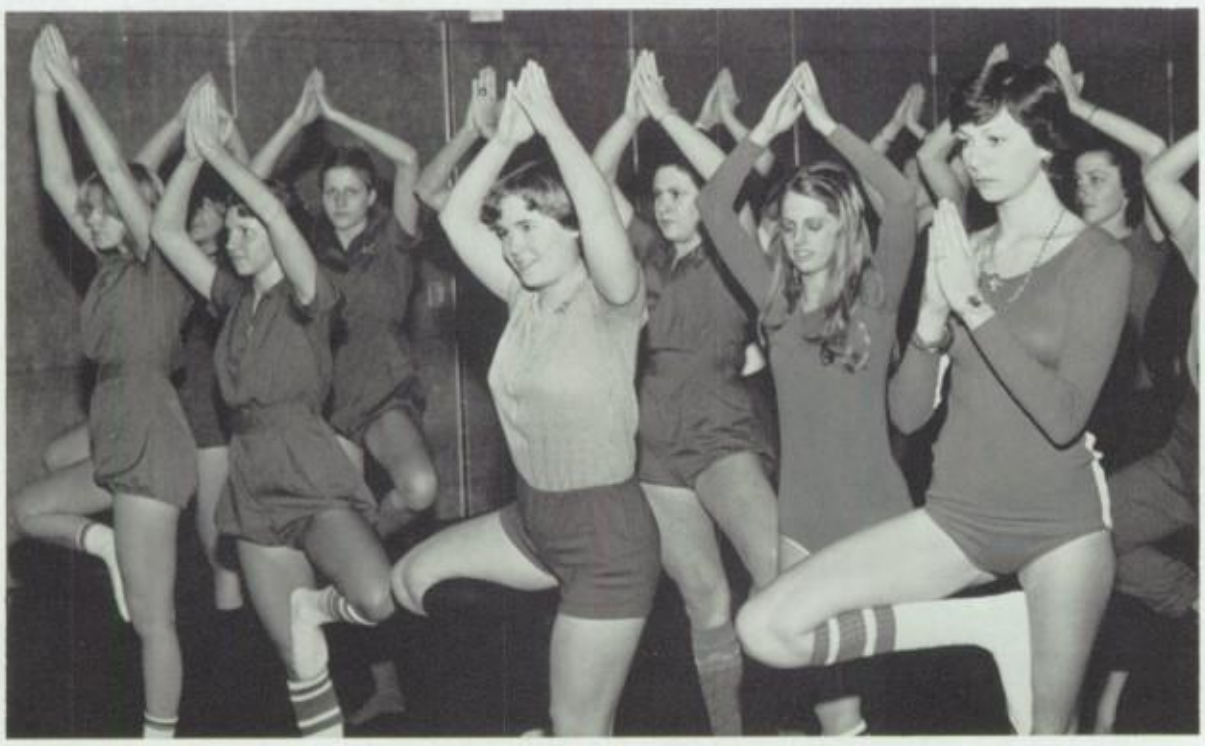
Girls' P.E. offers courses in yoga and handball



As with all departments, the Girl's Physical Education Department has sought, over the years, to broaden the course selection for students and, in doing so, increase interest in girl's sports. This school year, in particular, many girls chose to participate in some new elective offered, European Team Handball and Yoga. Because of the elective courses, the Girl's P.E. Department has expanded immensely in the past thirteen years. Through Maine South's history, junior and senior leaders have been useful, and their assistance proved valuable to the department.

Business Ed. adds computer

The Business Education courses again helped students in job training. The more popular classes, typing and stenography, along with the recent data processing and accounting classes contributed to the student's preparation toward most occupations. Because the actual job situations were practiced, this department produced many qualified and experienced business workers. A new addition to data processing, a computer terminal located in the A-wing, allowed students to work during a free period. This indeed, gave students a good chance for a job opportunity in the futuristic world of computers. On the whole, South's Business Education Department enabled students to prepare for their future careers.

Various facilities heighten students' math abilities

During the past thirteen years, the Math Department has undergone various changes. The average class size, the percent of students taking math, and the number of courses offered, have all increased through the years. The Math Resource Center is a relatively new addition to this department and has given students a means for attaining assistance outside of the classroom during their study periods. Moreover, a computer terminal was opened to students taking computer science. Also aimed at helping students with problems, teachers were available before school every morning. This year, like all years, this department has strengthened the students' abilities in a popular and necessary subject.

Science Dept. modifies class

With an increase in the number of laboratories, classes, teachers and courses available, the Science Department has gained much popularity with students throughout the years. Thirteen years ago, courses such as Geology and Accelerated Biology I were nonexistent, but were recently added to broaden the selection for students. This year, in particular, emphasis was placed on the Physical Science course which underwent many modifications. Also, a trial chemistry textbook was used to further benefit the students. Obviously students needs were met by the many science classes.

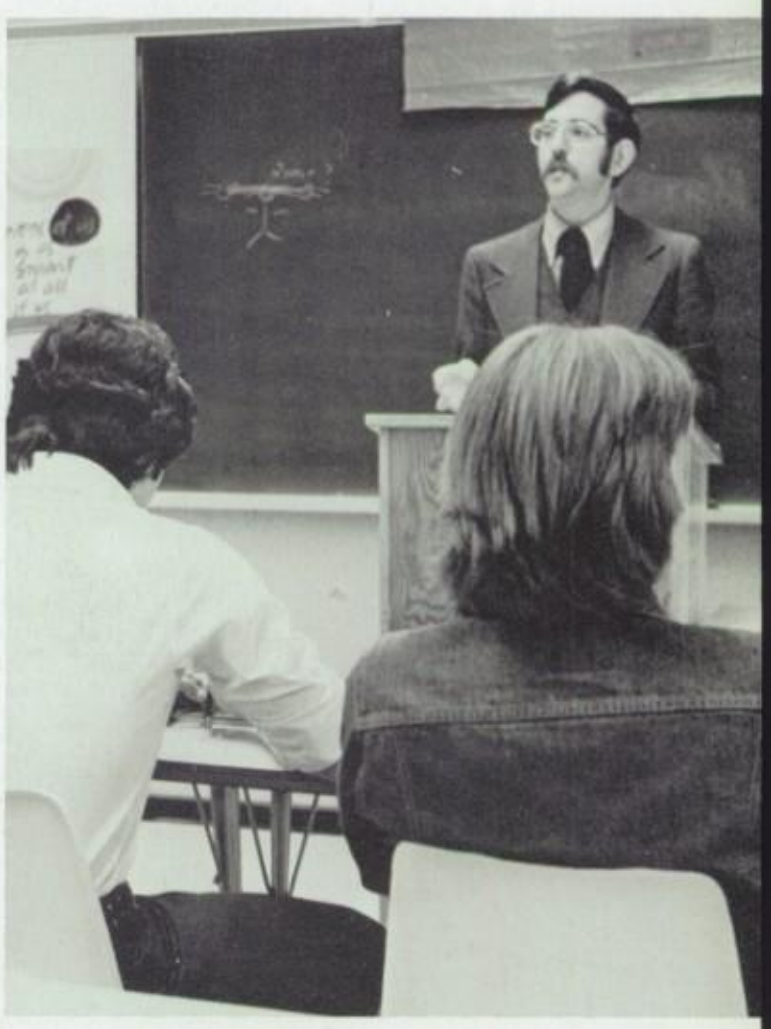
Social Science Dept. adds new computer set-up

This year, Maine South's Social Science Department has made considerable improvement. Government and U.S. History, two required courses, and various elective courses, such as Anthropology, Economics, and Law In American Society were continued. In addition, a new computer set-up in the A-wing informed students by such means as world population and election games. Once more, students benefited from field trips, films, and classroom simulations. The AP and Accelerated programs continued to be enlightening and beneficial for above average students.



New materials improve classes

Although no new curriculum changes took place this year, the Industrial Education Department modified existing courses, and, in doing so, provided students with an interesting and educational opportunity. By both consulting and questioning local business firms for their advice on modern equipment and supplies, this department upheld a continuing sustenance of high grade standards. To this end, new pollution testing and energy conserving equipment was added to the automotive section to keep up with contemporary problems, issues, and concerns. Furthermore, various additional materials were supplemented to replace old equipment. Because this department tried to improve their classes, students were given a worthwhile education in the industrial arts.

Students find Driver's Ed. and Health necessary

Since the opening of Maine South, the Driver's Education Department has experienced many extensive additions. New facilities and an extensive library of films was implemented for the benefit of all students. This year, as in other years, Driver's Ed. was taught through the three part method.

On the other hand, thirteen years ago, our Health Department did not exist. Due to 1971 legislation, a mandatory program was instituted to cover areas such as mental illness, ecology, disease, nutrition, alcohol, drugs, and tobacco. The C.P.R. first-aid course was continued because of its popularity.

All speech teams finish with successful season

The competitive speech teams of Maine South, Contest Speakers and Debate, once again proved successful in their perfection of work. The clubs worked diligently to obtain placements in tournaments held at nearby schools. The chosen members studied various speeches and pieces and performed them for many judges. Also, many of the talented members won trophies and awards for their accomplishments at many contests. Readers Theater also kept up Maine South's excellent reputation as a tough competitor. Members of this organization were busy performing narrations of poems as a group. As always, these teams competed well.

WMTH modernizes with new radio equipment

Once again, the WMTH staff served the public with various radio programs. Aside from broadcasting the football and basketball games, the staff also produced weekly sports reports, which recounted the scores of additional athletic events. The music, as well as the talk shows, and the holiday specials provided enjoyment for the community. As in previous years, WMTH even served as a type of training for future disc jockeys. Other activities such as the WMTH annual car wash proved to be a big success. In any event, due to the work of the staff members, WMTH provided the students as well as the public with entertainment.

Orchesis steps to a lively beat

At the beginning of each semester, tryouts were held for all those interested in joining the Orchesis dance club. Both a preliminary and original routine were required for the tryouts. Dancers that were accepted into the club performed in various activities. All twenty-five members participated in their V-Show dance entitled "Outta Sight." Orchesis members Honi Woodside and Lori Gauger were also valuable as V-Show student choreographers. Also, Orchesis performed dance routines for such organizations as the Mother's Club, the Park Ridge Jaycees, several churches, in addition to their annual concert held in the spring. Orchesis was also very honored to demonstrate for the Illinois Dance Association during the fall. Certainly, the skilled dancers of this club performed much this year.

Pep Council's spirit adds life

This year, Maine South's Pep Club Council strived to promote a true school spirit. The girls chosen as council members attended all sporting activities and helped to cheer on the athletes. Spirit tags were hung on the player's lockers; also, council members decorated the homes of the athletes before significant games. Spirit and Sports Week again proved to be a huge success, along with some of Pep Club's other activities such as the Homecoming Pep Rally and the Alumni Breakfast. In addition, Hawk pins were also sold to the student body. On the whole, the girls demonstrated true spirit throughout the entire year.

Hawkettes perform "Gershwin" for V-show

Once again this year, our Maine South Hawkettes Pom-Pon squad delighted audiences with their appealing dance steps and routines. Girls at South interested in performing on the squad were able to try out in a series of auditions. Dedication and talent was shown by those chosen with the high standard of excellence in their performances. The Hawkettes appeared at the half-time of all home games during the basketball and football seasons with the assistance of their sponsor, Miss Bobrich. In addition to this, the girls appeared in V-Show with their act, "Gershwin." As in the past, the Hawkettes Pom-Pon squad helped in promoting spirit.

Spirit is shown by cheerleaders

Once again, the enthusiastic Maine South cheerleaders promoted spirit throughout the school. All the girls showed dedication and hard work in their effort to promote a school spirit among the students. Under the direction of Mrs. Sellers, the girls spent many long hours practicing the cheers and stunts that they performed at the games with such perfection and style. The cheerleaders always added creativity and originality to the cheers making them more fun to perform and more enjoyable to the spectators. The teams, along with the other students, appreciated the dedication and hard work of these talented girls.

Marlin show entitled Kaliopy

All girls at Maine South who were interested in precision swimming were able to participate and perform in the Marlin Swim Club. After being carefully selected from a series of try-outs, the girls were placed in various acts according to their individual swimming skills. In the spring, much hard work and dedication paid off as their annual show, this year titled **Kaliopy,** proved to be very entertaining. Also this year, members of Marlin performed at the International Festival of Aquatic Arts, held at Glenbrook North. As in other years, the Marlin Swim Club provided much entertaining precision swimming for South, in addition to being a fun club for many girls.

HONORS

National Honor Society awards talented students

As in the past, deserving juniors and seniors were elected into the National Honor Society. To be elected, the pupils were required to maintain a grade point average of 4.0 and also demonstrate leadership and fine character. The seniors who were elected this year into the National Honor Society had to meet stricter requirements. To become a member, a senior needed to have a 3.2 grade point average, unlike other years when a 3.0 average was acceptable. Tutoring students in difficult subjects was the main responsibility for those current seniors elected into the National Honor Society as juniors. They also sold candy to raise money and helped to initiate the new members.

Worthy pupils receive honors

Once again, students who ranked high academically were recognized as National Merit Semi-Finalists. Other seniors who placed high on a qualifying test were honored with National Merit Letters of Commendation. These two awards succeeded in honoring those students who worked considerably throughout their years at South. Kathy Engelmann, too, was awarded by the National Council of Teachers of English for her exceptional writing skills. In addition to sponsoring Martha Nesbit and Sue Ebner who traveled to Switzerland and France, A.F.S. also hosted our foreign exchange student Guillermo Oritz-Acuna from Costa Rica.

Many are honored by Brotherhood and M-Club

As in the past, six students from each class were honored for their leadership qualities and friendliness towards others and were elected into Brotherhood Society. Students were both nominated and voted upon by fellow students, which made this award special. Also, many boys with outstanding athletic achievements who had earned their varsity letter were initiated into M-Club. This club sponsored both the annual M-Club vs. faculty basketball game and the Sporting Chance raffle at the Spirit Sock Hop. Both proved successful and enjoyable.

Various talents are recognized

Once again, students with exceptional talent in journalism, music, speech and drama were awarded with admission into such honorary clubs as Quill and Scroll, Modern Music Masters, National Forensic League, and Thespian Society. Students who had put forth much effort into the production of *Eyrie* or *Southwords* were honored with membership into Quill and Scroll. Likewise those students who achieved high musical and scholastic merits were elected into the Modern Music Masters. Students who attained a high proficiency in Contest Speakers or Debate were appointed into the National Forensic League. Thespian Society, also, was an honorary organization which concerned students in theatrical productions. One was voted into this society on a point-hour basis for participation in a stage work. These honorary organizations both recognized and awarded students who achieved much success in journalism, music, speech, and drama.

ORGANIZATIONS

Student council develops new voting procedures

By sponsoring a variety of events throughout the year, Student Council continued to motivate Maine South students. Homecoming events proved most successful due to the planning on the part of the Council. The blood drive in the fall of the year also proved beneficial. Again, V-Show entertained a number of audiences in early December. Also requiring a great deal of planning, the Student Council election procedures proved worthwhile. These new voting methods were not only more efficient, but also much faster. The publication of our all-school phone book, the *Busy Signal,* added to the many activities of Student Council.

Club members work together

South's Art and Photography Clubs enabled many creative students to become involved. This year's members in the Art Club experienced guest speakers in the field of art, group art projects, and again, the annual Art Fair. South's photographers also were able to demonstrate their creative talents through the Photo Club. As in other years, club members compiled a portfolio, and participated in the annual Art Fair.

The Paperback Bookstore was open again this year for students to buy popular books, and was operated by students who gave up lunch periods. Another club, Film Society, gave students the chance to view several different films during the year.

Foreign language clubs interest many students

Foreign language clubs were indeed an integral part of cultural enrichment at Maine South. French and also Spanish Club, for example, participated in the Homecoming Carnival by selling various foreign foods. In addition, these club members traveled to respective restaurants in order to obtain a more cultural background. Spanish Club, as well as German Club, sponsored various food sales for fund-raising purposes. Also, Christmas parties contributed to the agenda of club activities. Several traditions were initiated at the Christmas time celebrations. Because of these cultural organizations, much enjoyment was shared by all involved.

Students apply home ec. skills

Maine South's home economic clubs allowed students to continue their interests in this field. A popular club this school year was the Food Occupations Club, whose many members were able to gain much knowledge and experience through organizing and preparing luncheons for various groups. They also participated in the first Homecoming carnival and sponsored a canned food drive. Child Care Occupations Club organized many beneficial tasks throughout the year to help various children of pre-school ages. Similiarly, the Clothing and Interior Design Club was available for students who had interests in sewing and designing. This club helped to develop skills in sewing and interior designing, while members enjoyed field trips and fund-raising projects.

Business clubs attend contests

The Business clubs continued to provide useful experience for its 150 participants. Business Club members, for instance, donated their services at games and after school to work at the concession stand. Another active club, the Distributive Education Club, attended many workshops in which the students gained valuable experience for future use. In addition, the club members represented South in various contests dealing with marketing. The Office Occupations Club members also attended several conferences and participated in contests, all pertaining to office work, thus becoming more familiar with business.

Club members obtain experience for future use

Knowledge and experience were two concepts stressed this year through the Medical Careers Club, C.W.T., and the I.C.E. At the monthly meetings of the Medical Careers Club, members—who had interest in a medical field— heard speakers speak on various medically related topics. This year's candy sale in February raised money to buy medical equipment and also Easter baskets for Shriners Hospital. The Co-operative Work Training Club sponsored a savings club in addition to training students for their future. Besides the monthly meetings, C.W.T. held several breakfast meetings. Another club that prepare students for the future was the Industrial Co-operative Education Club, whose monthly meetings also had guest speakers.

History, Ecology, and Key Clubs interest many

Several clubs were available this year at South for students seeking involvement in services, history, ecology, and anthropology. The Local History Society participated in many lectures featuring guest speakers, field trips, and even a volleyball match against the Anthropological Society. This year's members in the Ecology Club helped to beautify the environment surrounding school by organizing litter drives and also recycling drives. The Anthropological Society was available to those interested in anthropology. Members enjoyed these interests with field trips to museums and the Koster Site. Finally, Key Club provided the city of Park Ridge with various services such as visiting the elderly.

Hobby clubs prove popular

Just as skiing has become one of the most popular sports this year, South's Ski Club boasted an enrollment of about 350 students. On almost every Friday in the winter, members were able to take ski trips in the area in addition to several weekend outings. Another hobby club at South was the Chess Club in which members played weekly games of chess while several in the club were sent to the state championships. W9GDC, Maine South's amateur Radio Club, existed for students interested in operating the Radio station and the teletype machine. Members also studied radio theory. Another helpful group was the Swim Timers who aided the athletes by timing for all home meets. All of these clubs provided an opportunity to develop interests.

Several clubs service athletes

Both the Wrestlerettes and Trackettes provided support and spirit for the wrestlers and trackmen during the school year. Not only did the Wrestlerettes keep the score at all wrestling meets, but they also put up posters to announce meets. In addition to this, they sponsored an end-of-season banquet for the wrestlers, Wrestlerettes, and parents. The Trackettes also scored at all the Hawk's home track meets. Measuring distances, timing the trackmen, and holding up the lap cards, the Trackettes provided much needed assistance. This year a new club was formed, The Trainer's Club, in which the members cared for and treated the athletes' injuries. This was truly a welcomed club.

Eyrie staff wins awards for yearbook excellence

During the past year, photographers, writers, section heads, and assistants have worked diligently toward the production of this year's yearbook. Under the direction of Miss Singer, staff members had jobs such as cropping pictures, making layouts and working on the individual sections. Bearing in mind that this was South's 13th year, the theme of the *Eyrie* was "Lucky 13". Pictures corresponding to the theme and headlines written in the same manner were more than a challenge to all. Over the summer, some staff members went to Whitewater, Wisconsin and brought back new yearbook ideas as well as awards. Also, outstanding members were elected into Quill and Scroll. Due to the cooperation of all, the 1977 *Eyrie* was successful.

Southwords provides excellent communications

Maine South's student newspaper, *Southwords,* has continued to inform students throughout the past year. Factual news stories and sport wrap-ups had to be written. Editorials and opinion polls as well as cartoons and photos attracted much student interest. Reporters, photographers and cartoonists strived to meet the deadlines of their bi-monthly paper with the guidance of sponsor Mr. Beatty. Those on the staff who did commendable work were accepted into the literary honorary society, the Quill and Scroll. Along with the help of Mr. Beatty and the talent of the staff, *Southwords* has again kept up its high standards.

Many find magazine and News Bureau interesting

The Creative Writing magazine offered a chance for promising artists and writers to be acknowledged. The title of the magazine, *Take A Chance,* was known by students as an edition of excellent creative writing. Four editions were produced throughout the seven months, all bearing new and different writings. Submissions of the student body came in and a board of judges had the difficult task of choosing materials for the magazine. More pages were added this year to each edition and surprisingly, the cost was much cheaper. A small group of newsmen, known as the News Bureau, gave important school news to the local papers. The UPI machine in V-107 was watched by the News Bureau members who maintained a bulletin board for news. The creative writing magazine and News Bureau were valuable to all students.

MUSIC

Concert Orchestra participates in Consortium

Once again, fine musical talents were combined to form the Concert Orchestra. Under the direction of Mr. Spear and Mr. Rico, the group played at the fall and spring concerts, as well as the 1977 spring musical, *Camelot.* The annual Christmas Concert was also a huge success this year. As a part of the Concert Orchestra, South's Concert Strings performed in a Consortium for Orchestras in February at the University of Illinois. Also this year, an ensemble of approximately twenty musicians was formed to play popular music, performing at schools, banquets and other special events. Surely, the success of many of the various concerts and the musical, *Camelot,* were largely due to this year's Concert Orchestra.

Pep Band wins musical award

Students and parents alike were thrilled by the various performances of Concert Band. During the fall, the Marching Band exhibited difficult halftime maneuvers, such as the *Hustle* and *Swat*. A new addition this year was the flag corps, composed of twenty members of the band's flute section. The band also traveled to Oak Brook to appear at the first Gould Cup Polo Match. To entertain the basketball fans, Pep Band played at all home games this year and as an added honor was chosen from among the state's bands to play at the IHSA Basketball finals downstate. Another fine group of musicians was Stage Band, which performed for student assemblies, V-Show, and concerts.

Concert Choir has much talent

The Maine South Concert Choir has again been noted as one of the best high school vocal sections in the Chicago area. This highly respected group sang for both performances of the Christmas and Spring Concerts. The Choir also performed for various schools, clubs, and churches around the area. As in other years, the Concert Choir sang a rendition for the annual Variety Show in December. Some of the more gifted vocalists of the group were accepted into the Chamber Choir, commonly known as the Concert Choir Ensemble. This group sang at hotels, including the Palmer House, and for other organizations requiring musical talent. Under the direction of Mr. Bell and Mr. Flechsig, the Concert Choir and Ensemble brought Maine South the musical sounds of Christmas in December and many other favorites during the year. Surely they were appreciated by all who listened and were an inspiration for all.

Girls' Choirs delight listeners

Two fine musical organizations, the Treble Choir and Girls' Glee, again added much to the Maine South Music Department. In the fall, the girls spent time preparing for the Christmas season when they performed for the annual concert and for several other performances. As a part of Girls' Glee, the Glee Ensemble prepared for their summer trip to Europe where they entertained many. In addition to these appearances, the girls' vocal groups performed a spring concert. Without a doubt, the Girls' Glee and Treble Choir boasted a successful year and provided enjoyment for many audiences at Maine South.

South's office helpers provide much assistance

Through the cooperation of adults and students, Maine South continued to function efficiently. The Main Office secretaries typed, recorded appointments and did other clerical jobs, while their assistants worked the switchboard, sorted mail, and saved the secretaries much time and work. By running many errands, the Dean's Office Helpers also aided in keeping the Dean's Office efficient. As a community service, the adult evening school offered adults the opportunity to acquire additional education with night classes. As an added service to these adults, several Maine South students helped in registration and locating classes.

Adults, pupils offer service

This year the various helpers and secretaries contributed much to the school. Both the departmental and personnel office secretaries worked diligently through their typing and filing in furnishing the students with a high quality education typical of Maine South. The different helpers devoted their time to aid the secretaries and other students. Bookstore helpers attempted to give students much help in purchasing school supplies. Attendance office helpers, running errands and doing other work, were of importance to Maine South also. All in all, these people were very valuable.

Library benefits through student contributions

The library helpers proved to be helpful and reliable throughout the school year. Both the students and adults assisted people at the circulation desk and the reserve room. Along with this assistance were the outstanding accomplishments of the library staff. Through their aid the library became a necessary teaching device and made learning prosper. With the help of the Audio-visual staff equipment was always ready for those who needed it. Not only did the para-professionals keep order in the study halls, but also helped many students with their work.

Many work to maintain order

This year both matrons and custodians worked hard to maintain the campus, making Maine South a school which all were proud of. The campus officers enforced the school's rules sustaining order throughout Maine South. By directing traffic during school events, the parking lot monitors made the parking lots a great deal safer for all drivers. Cafeteria workers provided students with nutritious food and maintained the cafeteria between every lunch period. All these people who gave their services to benefit the students were greatly appreciated.

ADMINISTRATION

Administration strives to fulfill student's needs

The administrator's goal this year continued to be the improvement of the education system in Maine Township. Superintendent Short upheld his outstanding record for keeping the academic standards high in the township. Dr. Meyers and Dr. Benka, assistants to Dr. Short, organized and coordinated activities for the district. Maine South's principal, Dr. Watson proved to be beneficial, and helped the school to retain its high standards. The assistant principals, Mr. Barker and Mr. Simonson, were both concerned with Maine South's goals. In other words, the administration members continued their work for the good of the student body at South.

Administrators prove valuable

Throughout this past year, Maine South's administrators were again an excellent and efficient staff. Their goals were to find better methods to improve the educational system. Members of the Executive Committee and Administrative Council cooperated with the students and faculty in order to join efforts for the benefit of the entire student body. Mr. Smith, Miss Iliff, and Mr. Bitta, Maine South's student deans, continued to work efficiently with the students to create a better understanding. The P.T.C. was a beneficial organization that kept the lines of communication open between the teachers and parents.

FACULTY

Faculty members encourage student participation

The Maine South faculty members strived to promote student achievement in every department. Between correcting papers, preparing exams, and other numerous activities, such as coaching athletic teams, sponsoring clubs, and chaperoning major events, the faculty gave their all. In addition, the faculty expressed their outstanding athletic ability in the exciting basketball game against M-Club. Also, a golf outing was held in the spring, as well as a series of tennis matches in the fall. The year finally came to an end with a farewell luncheon. Aside from all of the above, the teachers still boosted the education system.

FRESHMEN

Class of 1980 adjusts quickly to Maine South

While adjusting to a new school can be difficult, the freshmen this year certainly got involved quickly and made the year a big success. At Homecoming, their class float took the high honors of first place. The first year was also highlighted by the class party. Many freshmen were busy participating on all of Maine South's athletic teams, as others got themselves involved in student and class councils. Through the aid of sponsors Miss Siwinski and Mr. Kratsch, the frosh class was able to successfully organize various events for their fellow classmates. Obviously so, this year's freshmen involved themselves at South.

SOPHOMORES

Sophomores find ordering class rings a highlight

The sophomores began their second year at Maine South by getting involved in various activities. Those that chose to participate in class council received help from sponsors Mrs. Stone and Mr. Granzyk. Through cooperation, the sophomores built a homecoming car float and were involved in the carnival. There were also many clubs and organizations available for sophomores to participate in, in addition to all of Maine South's athletic teams. The dramatic productions also involved many sophomores, but perhaps the biggest highlight was ordering class rings. Certainly, the sophomore class contributed much to Maine South.

JUNIORS

Juniors participate in student and class councils

Throughout the 76-77 school year, the juniors actively participated in many events. With the assistance of the sponsors Miss Lahsin and Mr. Bleeden, a successful car float was produced, in addition to organizing a booth at the homecoming carnival. In preparation for college years to come, many juniors took such tests as the PSAT, ACT, and the SAT. One annual highlight, the Girl's Choice Dance was also successfully planned by the juniors. Clubs, athletic organizations, and other activities occupied much of the junior's time, while such long-awaited events such as Prom and drivers licenses were also exciting to the juniors.

Seniors' final year contains many good memories

The final year at Maine South for the seniors proved, in many ways, to be a successful one. In the fall, the seniors sponsored the Homecoming Dance, a memorable experience for all who attended. Although plans for the future and grades were important, many of the seniors enthusiastically participated in the various sports, clubs, dramatic and musical activities available. While many of the year's events were enjoyable, perhaps the year's biggest highlights were the Prom and Graduation. Reflection revealed that the Class of '77 made this year their most productive and worthwhile year.

THANKS...

Although our thirteenth year has been lucky, the 1977 *Eyrie* was put together with much more than just luck. It was compiled by the hard work of every staff member, under the guidance of our knowledgeable and dedicated sponsor, Miss Singer. We extend our thanks to Mr. Beatty and *Southwords* who provided us with several pictures. In addition, we are grateful for the efficient and excellent services provided by Delmar Publications and Root Studio. Last, but not least, thanks goes to all the faculty, administration and students of Maine South whose support made the 1977 *Eyrie* possible.

Marc,

It has been a fun year knowing you. You're a different type of person and please stay that way! It's great. Have a really great summer & hope to see you over it: if not I will be sure to see you next year.

Love,
Debbie

Marc,

It was a riot in homeroom have a nice summer see Ya next year

You suck (only kidding)

Lisa Barnes

Dear Marc,
Why the hell am I signing your book, I totally hate your ass. It's been quite an experience with you. What can I say, we did have some fun times. I really don't know what else to say, you've been a real pal.
Best luck next year.
Marc you Hero!

Dear Marc,
Say hi to Bryan!
You are excellent
Good luck in
Choir & Musical
Next year
Jay Dahan

Marc (you spell it wrong)
What can I say to such an adorable (a damn ticklish) Sophie like you? It was really fun!! Hope to see you next year. Hope by next when I see you at alumni weekend!

Love
Sue Purdon

PS Just want to remind you expecting until your not (or me to tell you!!) Bry!!! are you going to Sue again

Marc, you're a pain in the ass, but I'm glad I got to know you. Have a great summer & don't get into too much trouble. Maybe I'll see you over it, if not, I'll see you next year.

Love,
Jeff

Big Marc -

I hate your house - God - I want it!

What a year - musicals, choir, etc.

It's been exciting. 2 big years to go.

Let's play tennis a lot this summer. Please - give me a call - and I'll keep in touch with you! You're incredibly talented! You'll get a lead in a musical for sure.

Well - maybe I'll -

Anyways. Keep in touch,

Jeri Graster '79

- Marc -

choir was alright I guess this year, but I know it will be better next year. Keep working on that perfect pitch. (it needs work) Take care. See you next year.

Paul van Pellegrom

Marc,

REMEMBER GRANT,
REMEMBER LEE
THE FUCK WITH THEM
Remember ME?
Musical Journey
How fun - two summers
See you next fall

Marc,
I'm glad I met you this year
in Biology, but I know you weren't
Only kidding, you've a lot of
hope you have an excellent summer
at some parties.
Take care
Love always,
Jenn Warner
